Budget Message

August 5, 2024

Mayor Scott Bradley
Murphy City Council
206 N. Murphy Road
Murphy, Texas 75094

Honorable Mayor Bradley and Members of the City Council,

In accordance with the City of Murphy's Charter, Section 7.02, and with the financial policies of the City, I am pleased to submit the proposed FY25 Budget for the fiscal year from October 1, 2024, through September 30, 2025.

The budget process began on March 5, 2024, with City Council's adoption of the FY25 budget calendar. Shortly thereafter, the leadership and management teams began developing the FY25 Budget. Three budget work sessions were held between May and July.

During the budget work sessions, the City Manager provided overviews of different areas of the budget, and new initiatives to City Council. Revenues, expenditures, and projected fund balances were presented. A more detailed description of the process is found in the Budget Overview section on page 10.

FINANCIAL SUMMARY

The total budget for FY25 is \$57,511,772, an increase of 9.5% from the FY24 budget. While most of the major funds are increasing, the increase from the prior fiscal year is primarily related to adjustments to compensation for all City employees in the General Fund and Utility fund, and capital projects in the MCDC and MDD funds.

The following table provides a comparison of the expense budgets for FY24 and FY25 by fund and the percentage change for each one.

Funds	FY24	FY25	Percent

Property Values

The City of Murphy has again experienced an increase in certified appraised values. For FY25, there is an 8.97% increase, resulting in a certified value of \$3,723,077,756. Of that increase, \$10,012,282 is from new construction. The five-year forecast is based on a projected 2% annual increase in property values.

*ARB refers to the Appraisal Review Board

The City's property taxes are divided into two components: Maintenance & Operations (M&O) and Interest & Sinking Fund (I&S), or Debt Service. The M&O portion funds the daily operations of City government, such as administration, fire, police, parks, streets, code compliance, community development, and sanitation. The I&S portion funds the debt the City has incurred to provide essential infrastructure and quality-of-life amenities for the community. Since FY15, the City's overall tax rate has been lowered six times to help offset the impact of increasing property values. A slight increase occurred in FY19, and was held the same for FY20 and FY21. For the FY25 budget, the proposed overall tax rate was lowered to \$0.362533, per Council direction on July 29, 2024.

The total tax rate in the FY25 proposed budget is \$0.362533 per \$100 of assessed valuation. The M&O rate is \$0.271253, and the I&S rate for debt service is \$0.091280. The average overall tax rate for the past ten years is \$0.475058.

BUDGET OVERVIEW

PROCESS

The FY25 Budget process began with City Council's adoption of the budget calendar on March 5, 2024. A new budgeting software, ClearGov, was implemented for departments to complete their FY24 projections, FY25 requested budgets, and FY26-29 projected budgets. In March, departments began meeting individually with the City Manager to review their requested FY25 budgets, including additional resource requests.

In early May, the City Council budget work sessions began and continued into late July. Certified estimates of value were received on July 24th prior to the July 25th statutory deadline. On July 26th, the Collin County Tax Assessor/Collectors Office provided the tax rate worksheet for FY25.

The City Manager's proposed budget was developed using a lower tax rate than last year of \$0.362533, in accordance with Council direction on July 29th, 2024. The rate is the same as the voter-approval rate (with adjusted unused increment) and lower than the no-new-revenue rate of \$0.374232. A public hearing for the tax rate will be held on September 3rd, 2024, the same night as the public hearing on the FY25 budget and revisions to the fee schedule. Following the two public hearings, the tax rate and the FY25 budget will be adopted.

RESULTS

The FY25 budget is based on a lower ad valorem tax rate of \$0.362533. With an 8.97% increase in property values and a lower debt rate due to decreasing debt service obligation payments, property tax revenue in the General Fund will increase by approximately \$486,298. Sales taxes have remained relatively the same compared to prior years. The initial increase starting in 2021 is attributed to a State law change requiring sales tax remittances to be based on the point of destination rather than the point of sale.

Permits and license revenue have increased primarily because of building and construction permits. Twenty years ago, building permits were at an all-time high, generating an annual revenue of \$1 million. Today, building permit revenue has reduced to around \$150,000. This reflects the City reaching build-out, as has been predicted for several years.

Expenditures comprise of four main categories – personnel services, materials and supplies, contractual services, and capital outlay. Personnel services represent approximately 62% of the total costs.

The FY25 budget for personnel services was based on adding 8.5 additional full-time equivalent positions and an updated compensation philosophy to improve employee retention and recruiting following years of high turnover. The philosophy includes performance-based step increases and market adjustments to stay within 5% of the 50th percentile of comparable market cities.

Other costs that impact personnel services are health, dental, and other auxiliary insurance benefits. The annual bid request for health insurance resulted in a slight increase in premiums remaining with the same carrier as last year. There was no change in providers. A slight cost increase for all other (ancillary) benefits was experienced, but an additional health coverage option was also provided.

A total of \$829,161 in capital expenditures included in the FY25 budget will upgrade all officer body-worn and in-vehicle cameras, replace ambulance AEDs and LUCAS lifesaving equipment, and purchase land for the waterline loops. The other two expenditure categories – materials and supplies and contractual services, are decreasing for FY25 compared to the prior-year budget.

Based on the General Fund projected revenue and expenditures for FY25, as described above, there is a deficit of \$627,207, largely due to land purchases for the waterline loop project, which is offset by a transfer in federal funds in FY24. The deficit will reduce the healthy General Fund ending balance, decreasing the fund balance to \$11.263 million. This is a 55% reserve which exceeds the 15% reserve recommendation. The projected fund balance does not include any future budget amendments that may occur in August or September.

GENERAL FUND REVENUE

Total General Fund revenue for FY25 is \$19,733,072, a net increase of \$1.6 million from the FY24 adopted budget. The breakdown of revenue sources is discussed below, followed by a pie chart depicting the proportion of the various types of revenue.

Property taxes are divided into two rates, M&O and I&S. The M&O (Maintenance and Operations) rate funds the daily operations of City government, such as administration, fire, parks, police, streets, and sanitation services in the General Fund. The revenue received through property tax collection comprises of 51% of the total General Fund revenue.

The I&S (Interest and Sinking Fund) rate is levied for debt service payments (principal and interest) related to financing capital projects and equipment. The FY25 combined tax rate for budget purposes is \$0.362533 per \$100 of assessed valuation with an M&O rate of \$0.271253, and a debt service rate of \$0.091280. The average homestead market value of a single-family home increased 6.3% from \$582,901 in the 2023 tax rate year to \$619,642 as of July 23, 2024. The proposed tax rate of \$0.362533, a reduction from the current tax rate of \$0.408050, will cost \$2,246 annually in property taxes on an average home which is a decrease of \$132 annually.

The second-largest source of revenue to the General Fund is sales tax revenue, which generates close to \$3 million a year, or 15% of total revenue. The FY25 budget reflects no increases in projected collections. A decline in sales tax growth has been experienced over the last two years due to lower consumer spending. The FY25 projections remain flat at \$2.97 million.

The remaining revenue for FY25 derives from multiple sources to include franchise fees, permits and licenses, solid waste, municipal court revenue, and other revenue. Other revenue is comprised of interest income, police charges, recreation programs, facility rentals, ambulance fees, and recycle rebates.

The General Fund receives transfers of approximately \$1.9 million from several funds to cover administrative costs. Included in the FY25 budget are transfers from the Utility Fund, the Murphy Community Development Corporation (MCDC), the Murphy Municipal Development District (MDD), and Court Restricted funds which partially offset the cost of a Bailiff and Juvenile Case Manager.

EXPENDITURES

Total FY25 General Fund expenditures are \$20,360,279 based on four categories – personnel services, materials and supplies, contractual services, and capital outlay. Personnel services (salaries, insurance, retirement, etc.) represent 62% of total expenditures. The budget includes six new positions in the Police, Fire, Parks, Public Works, and Administrative departments. A market study of pay ranges found that the salaries of our staff fell below the market. Therefore, FY25 includes market adjustments by position as needed to stay within 5% of the 50th percentile of comparable market cities, with a compensation analysis to be conducted every year.

Contractual services are the second-largest expenditure due to the outsourcing of park mowing, right-of-way maintenance, and service contracts for City facilities. Materials and supplies and capital outlay make up the remainder of the FY25 budget.

RESULTS AND FUND BALANCE

The FY25 budget reflects a deficit between revenue and expenditures of \$627,207. The City monitors the fund balances in accordance with City policy. The minimum General Fund requirement is 10% of total budgeted expenditures, with a goal of 15% of total expenditures. The FY25 Budget is projected to have an ending fund balance of \$11,263,300, of which \$3,054,042 is the 15% reserve. That leaves an unreserved fund balance of \$8,209,258.

If the City undertakes another capital program in the next few years, the fund balance in the general fund will decrease beyond forecasts. Staff will continue to monitor the fund balance periodically for any unusual fluctuations.

UTILITY FUND

The Utility Fund accounts for the water and wastewater services provided to the residents and businesses. All activities necessary to provide such services are accounted for in this fund, including the costs from North Texas Municipal Water District (NTMWD) to provide water and treat the wastewater, billing and collection services, and all operating and capital costs to maintain the systems. Debt service associated with the financing of capital projects is also accounted for in this fund. The three departments in the Utility Fund are water distribution, wastewater collection, and customer service (utility billing and collection).

The Utility Fund is a proprietary fund that accounts for activities that involve business-like transactions. An enterprise fund accounts for any activity for which external users are charged a fee for goods and services. Utility fees and charges are for water and sewer service, and the fund is intended to be self-supporting, which means it does not rely on tax revenue to cover the costs of providing water and sewer service. The fees and charges need to be set at a level that ensures the investment in infrastructure will be adequate for current and future use, as well as maintain a reasonable reserve level. The fund should also provide for the expenses of personnel, customer service, and other operating costs. Total FY25 revenue is projected to be \$15,479,969, including a proposed water rate increase of 3.46% and the proposed sewer rate increase of 3.98% including a change to the water and sewer rate structure to reduce the number of tiers to incentivize reducing consumption. The total revenue is comprised of water revenue of \$10,417,357, wastewater revenue of \$4,395,818, and other revenue from interest, credit card, and other fees of \$480,500, a transfer of \$186,293 from the Impact Fee Fund totaling \$666,793.

Total expenditures for the FY25 Utility Fund budget are \$18,171,143 which includes \$6,562,901 for the purchase of water and \$3,223,970 for the treatment of wastewater from NTMWD. The City of Murphy will be charged under the take-or-pay contract for 1,661,494,000 gallons of water which is the same as the prior year. No changes to the take or pay contract have been received as of August 5th 2024.

The cost of water is projected by NTMWD and has increased 15% from \$3.44 per thousand gallons to \$3.95 per thousand gallons. The total cost of water is projected based on usage through July 31, 2024, and measured against the cap described above. If usage during the period of August 1st through July 31st exceeds the cap, the excess usage for August and September is billed at an incremental cost (projected to be \$0.65 per thousand gallons), and a new cap is set for future years.

The City shares the cost of the Muddy Creek Wastewater Treatment Plant and the Muddy Creek Interceptor (sewer collection line) with the City of Wylie. Since the NTMWD's budget is developed simultaneously with the City's budget, the final costs billed for water and sewer may differ from the estimates used in the FY25 budget. This budget is based on updated costs provided by the NTMWD as of June 28th 2024.

In FY18, the City sold \$5.5 million in certificates of obligation (COs). The proceeds were used for the seven water and wastewater capital projects listed below. Six of those projects have now been completed, and the work is currently underway on the Sanitary Sewer Overflow project and an additional project from savings to isolate water mains to be able to analyze water loss. The specific projects are:

1. North Murphy Road: 8-inch water line - **Completed**
2. South Murphy Road: 8-inch water line - **Completed**
3. Ground Storage Reservoir Repair & Repaint (3 Locations) - **Completed**
4. Northstar Pump Station Standby Generator - **Completed**
5. Camera System with Lateral Launcher - **Completed**
6. North Maxwell Creek: 8-inch water line replacement- **Completed**
7. Sanitary Sewer Overflow Initiative (SSOI) - **In progress**
8. Water Isolation Project - **In progress**

Capital improvements planned by NTMWD for the Muddy Creek wastewater treatment plant (WWTP) began in FY24 which is the primary driver behind the significant increases in the wastewater rates in FY25. The improvements will consist of diverting peak flows of wastewater when they exceed the treatment plant's ability to treat the wastewater into a basin reliably. There are also plans to expand the capacity of the treatment plant from 10 MGD to 15 MGD, to meet regulatory requirements. The cost of the improvements will be financed using new and restructured bond proceeds, some with interest only payable for a few years, borrowing from lower-cost sources, and available cash. In FY22, the City sold \$2.4 million in tax notes to replace the automated meter infrastructure (AMI) & related hardware, which is reflected in the Water Distribution Department Debt Service expenditures.

As in recent years, the City engaged NewGen Strategies and Solutions to review the current rates, present an updated rate structure, and develop recommendations that cover costs while maintaining a conservative 20% reserve in the Utility Fund. It is important to keep in mind, however, that the five-year rate analysis provides a reasonable, but not absolute, forecast of the future.

Similar to last year, the rate review demonstrated that water and sewer rate increases were needed for FY25, based on the five-year forecast. Council reviewed and approved a change to the rate structure for water and sewer billings to reduce the number of tiers. Water rates are proposed to increase by 3.46% and wastewater rates by 3.98%. Performing a rate analysis every year using five-year forecasts results in incremental annual rate adjustments versus much larger adjustments when this approach is not utilized.

The FY25 Utility Fund expenditure budget includes a transfer of \$1,104,000 to the General Fund to cover administrative costs and \$33,913 to establish a vehicle and equipment replacement fund. An increase historically occurs every year and is greater than the prior year budget to account for salary fluctuations in the analyzed departments that include Administration, HR, IT, Council, City Secretary, Finance, Public Works and Facilities and is based on the same approach used to calculate the MDD and MCDC transfers.

RESULTS AND UTILITY FUND ENDING FUND BALANCE

City Council adopted a 20% reserve policy for the Utility Fund effective with adopting the FY18 budget. Rate increases that are implemented only to recover the cost of charges from the NTMWD will rapidly deplete the fund balance, and the Utility Fund will be at risk of having funds unavailable to cover its operating costs for personnel, debt service, and maintenance of the water and sewer systems. It is imperative that the City continue its practice of analyzing water and sewer rates on an annual basis to avoid such a scenario.

IMPACT FEE FUND

An Impact Fee is a charge or assessment imposed by a political subdivision for new development within its service area to generate revenue for funding or recouping the costs of capital improvements or facility expansions necessitated by and attributable to the new development. The City of Murphy water and wastewater service area is all land within the city limits.

Water and wastewater (or sewer) impact fees are currently funding a portion of the debt incurred by NTMWD for the construction of the Muddy Creek Waste Water Treatment Plant and various wastewater collection lines, and the debt incurred by the City for the construction of the elevated water storage tank on Rodeo Drive. With the anticipated build-out of the City rapidly approaching, new impact fees will diminish and therefore not be available to cover those costs in the future, thereby putting a greater burden on the water and wastewater rates.

An updated Impact Fee study was completed in FY23, and an update to the Impact Fee study shall occur every five years per State statute. Based on the FY23 study, the transfer from the Impact Fee Fund to the Utility Fund in FY25 is \$186,293. This is an increase from the FY24 transfer of \$125,030.

AMERICAN RESCUE PLAN FUND

In 2021, the City was awarded \$5 million of federal American Rescue Plan funds. In FY24, the Council elected to use a standard allowance toward revenue replacement as allowed by the U.S. Treasury. The FY24 projected values included in the General Fund budget are approximately \$2.9 million greater due to allowable transfers from the ARP fund to the General Fund.

MURPHY MUNICIPAL DEVELOPMENT DISTRICT FUND

The Murphy Municipal Development District (MDD) was formed in April 2012 to allow the City of Murphy to adopt a sales tax to fund the district. Currently, the MDD receives funds from a quarter-cent sales tax generated within the city limits. The MDD can undertake a variety of projects with high flexibility using the sales tax proceeds, like a Community Development Corporation. The revenues are used to promote economic growth, carry out programs related to community development, and promotion of new and expanded business enterprises. Total revenue for FY25 is \$905,323, expenditures are \$2,703,816, and the fund balance is projected to be \$2,481,100.

MURPHY COMMUNITY DEVELOPMENT CORPORATION FUND

The Murphy Community Development Corporation (MCDC) is a Community Development Sales Tax Corporation whose purpose is to promote projects to enhance the community's image through beautification, parks, and open space ventures. The MCDC was created in June 2003 by the Murphy City Council and residents who recognized the need to set aside money for those important public services. Total revenue for FY25 is \$1,589,928 and expenditures are \$3,335,516 which is largely the MCDC portion of the FM544 pedestrian bridge and trail project. The fund balance projected at the end of FY25 is \$1,141,697.

DEBT SERVICE FUND

Property taxes collected for the debt portion of the City's tax rate (i.e., the I&S rate or interest and sinking fund) are recorded in the Debt Service Fund. Additionally, the principal and interest payments on outstanding debt are recorded in the Debt Service Fund. As of September 30, 2023, principal and interest obligations totaled \$48,827,245.

The FY25 Budget includes \$2,635,000 of principal and \$764,815 of interest due on the outstanding debt service obligations. The budget also includes \$3,200 for paying agent fees. The I&S tax rate necessary to meet the FY25 debt service is \$0.09128 per \$100 of assessed valuation.

STREET MAINTENANCE and REPAIR FUND

In May 2019, voters approved the allocation of a quarter-cent of sales tax for street maintenance and repairs and elected to renew the sales tax in May of 2023 for an additional four years. This maintained the 2019 decrease in the local sales tax for the Murphy Municipal Development District from a half-cent to a quarter-cent, resulting in no change to the overall sales tax rate.

Total revenue in the Street Maintenance and Repair Fund for FY25 is \$729,964. Expenditures are \$935,000. Fund balance projected at the end of FY25 is \$530,511. In FY25, the Street Maintenance and Repair Fund will be utilized to repair sidewalks with hazards as prioritized by the criteria and list on the City website, and the street rehabilitation as prioritized by the Pavement Management Analysis conducted in FY23. The fund must be reauthorized every four years.

CONCLUSION

Murphy continues to demonstrate its commitment to excellence. For example, the City has been recognized as a Top 8 DFW Suburb to Raise a Family by Niche.com; as one of the safest Cities in Texas by Safewise; and for the award-winning events offered, including Maize Days, Christmas in the Park, Moonlight Movies, and the Sounds at Sundown, by the Texas Festivals and Events Association. The Murphy Police Department is accredited through the Texas Police Chiefs Association, the Fire Department has an ISO rating of "1" - the best public protection classification available, and the Finance Department has earned the Certificate of Achievement for Excellence in Financial Reporting for over 19 years.

As staff, we are extremely proud of this City. We do our best every day to ensure Murphy continues to be an outstanding place to live, work, and play. The FY25 budget was built on that premise, and we believe the FY25 budget will provide the resources needed to serve our citizens and businesses well. We will continue to monitor and manage expenditures and continue the budget review meetings between directors and the City Manager.

I would like to close by thanking you, our elected officials, for your leadership, guidance, and support throughout the budget process. I would also like to thank the leadership and management teams for their hard work, dedication, and commitment to this effort. The budget process is a collaboration among all departments and as such, serves as a testimony of our shared commitment to serving the citizens of Murphy, Texas.

Respectfully submitted,

Aretha Adams

Basis of Budgeting

The City adopts an "appropriated budget" for governmental fund types on the modified accrual basis of accounting by department. The City is required to present the adopted and final amended budgeted revenues and expenditures. The City compares the final amended budget to actual revenues and expenditures. The General Fund budget appears on pages 28-29 and other informational budgets are presented in the supplementary information.

The following procedures are followed in establishing the budgetary data:

1. On or before the 10th day of August, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing October 1. The operating budget includes proposed expenditures and revenues and an accompanying budget message.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to September 30, the budget is legally enacted through passage of an ordinance. If the Council takes no action on or prior to such day, the current budget shall be in force on a month-to-month basis until a new budget is adopted by the City Council.
4. Budgets for the General Fund, Capital Projects Fund, Debt Service Fund, and ARP Act Fund are legally adopted on a basis consistent with GAAP.
5. The level of control (the level at which expenditures may not exceed budget) is the department level. The City Manager and/or Director of Finance are authorized to approve a transfer of budgeted amounts within departments; however, any revisions that alter any department must be approved by the City Council.

Encumbrances for goods or purchased services are documented by purchase orders or contracts. At year end, encumbrances are canceled or appropriated as part of the following year's budget.

Fund Balance % Variance Greater Than 10% Explanation

Utility Fund: Waterline Loops capital project is fully budgeted in FY25 due to variable timing of expenditures.

Stormwater: Fees are based on Stormwater study performed in 2019. No fee increases have occurred in the subsequent years. A stormwater study will occur in FY25 for FY26.

Capital Funds: Capital fund projects are ongoing with the purpose of depletion with defined projects.

Street Maintenance Tax will use current year revenues combined with fund balance carried from previous years for FY 2024-2025 expenditures.

Opioid Settlement: Opioid Settlement funds are fully budgeted due to unknown timing of expenditures.

American Rescue Plan Act: American Rescue Plan Act funds will be fully expended by FY26 but fully budgeted in FY25 due to unknown timing of expenditures.

Murphy Municipal Development District and Murphy Community Development District: FY 2024-2025 expenditures will use current year revenues combined fund balance carried forward from previous years.

General Fund # 10

The General Fund is the general operating fund of the city. It is used to account for all financial resources not accounted for in other funds. All general tax revenues and other receipts that are not restricted by law or contractual agreements to some other fund are accounted for in this fund. General operating expenditures, fixed charges, and capital improvements costs that are not paid through other funds are paid from the General Fund.

Administration

The City of Murphy operates under a Council-Manager form of government. The City Council appoints the City Manager, who shall serve as the Chief Administrative Officer for the City of Murphy. The City Manager is responsible for the administration of all affairs of the City and manages the diverse departments to keep the City running smoothly. The City Manager is supported by a Leadership Team who leads the dynamic force of 126 full time employees and 28 part time employees every day to accomplish the goals, objectives and expectations of the City Council.

The City Manager is the primary point of contact between the City's departments and City Council. The main responsibilities of the City Manager are to lead, guide and provide coordination to the departments as they implement City policy decisions made by the City Council. The City Manager ensures that all state laws and city ordinances are effectively enforced. This office is also responsible for presenting the annual budget and capital improvement program to City Council and provides accurate, timely information and recommendations regarding City-wide policies.

City Council

The City Council is elected at large and is composed of a Mayor and six Councilmembers. They are responsible for appointing and removing the City Manager, Municipal Judge(s), City Attorney(s), and City Secretary. Other responsibilities include adopting the budget and setting the tax rate, legislating policies, making board appointments, and establishing a vision for the City's development.

The City Council currently meets on the first and third Tuesday each month to transact the business of the City. Special meetings of the City Council shall be called by the City Secretary upon request of the Mayor, City Manager or three (3) Councilmembers. The Mayor and City Council are classified as part-time employees and compensated per meeting based upon attendance at the meetings.

Fire & Rescue

The Murphy Fire Department is responsible for serving the community through fire and life safety prevention, planning, preparation, response, restoration, and review. Our mission is to look for ways to provide for a high quality of life for those living, or visiting the city.

This department provides fire, emergency medical system and emergency management services. Some incidents require resources greater than available in Murphy so a reliance on neighboring communities is also planned. This additional aid is also reciprocated to those other communities as needed.

Whether the department is reviewing development plans for future commercial occupancies or delivering life safety messages at an HOA meeting the idea is to prevent occurrences that require emergency response. Those existing programs will be continued and new programs will be sought out. Murphy Fire Rescue stands ready to serve.

Community & Economic Development

The Community and Economic Development Department has several key responsibilities that enhance the overall quality of life for our citizens. These consist of managing the City’s Comprehensive Plan and coordinating the city’s economic development programs. The Department’s divisions include: Planning & Zoning, which processes all zoning, subdivision and development related plans; Building Inspections, which reviews building plans and performs inspections for new projects as well as, additions and remodeling projects for residential and commercial properties; Code Compliance, which inspects properties for nuisances, zoning violations and substandard buildings; and Health, which inspects food service establishments, public swimming pools and day care centers.

The Department also serves as support staff for four City Council-appointed boards, including the Planning & Zoning Commission, Zoning Board of Adjustment, Murphy Municipal Development District and the Murphy Community Development Corporation.

Police

The men and women of the Murphy Police Department are committed to delivering progressive, responsive and professional police services while maintaining outstanding customer service. The department provides a safe environment for residents, businesses and visitors by engaging in high visibility patrol activities to deter crime and facilitate the safe flow of traffic. The department provides 24/7 dispatch operations for 911 emergency calls and public safety non-emergency calls. Patrol Officers provide a rapid and professional response to all requests for police services, and Detectives contact victims and conduct follow-up investigations on reported criminal offenses.

The Police Department's School Resource Officer and School Crossing Guard programs provide a high level of safety and security for our schools. The department sponsors programs such as Citizens on Patrol, Police Explorers, and Youth Citizen Police Academy to establish partnerships and engagement with the community.

Animal Control

Animal Control, a division of the Police Department, responds to domestic animal, wildlife, and livestock issues that arise throughout the City. Their duties include rabies awareness, investigating animal bites, lost pets, animals at large, adoptions, and housing/caring for stray animals. The Animal Control division relies on funding from the General Fund in order to cover its operating costs, with the exception of donations. Donations received are recorded in the Animal Shelter Fund, and are used to purchase items for the Animal Control division. Any expenditures made with donated funds are recorded in the Animal Shelter Fund.

Parks

The overall goal of the Parks Department is to strive to improve the quality of life of the citizens of Murphy by providing a safe, accessible and well-maintained park system that encourages an active lifestyle and provides a place for the community to gather. The Parks Department is comprised of thirteen (13) employees who are responsible for the maintenance of approximately 324 acres of developed and undeveloped parkland, medians/rights of way, applicable rights-of-ways, and other City-owned property and facilities.

The Staff of the Parks Department maintain licenses and certifications in the following areas: Certified Park and Recreation Professional (CPRP); Certified Playground Safety Inspector (CPSI); Backflow Prevention Assembly Tester (BPAT); Licensed Irrigator; Non-Commercial-Pesticide Applicator; and National Incident Management System (NIMS). Memberships are also held with Texas Recreation and Park Society (TRAPS) and National Recreation and Park Association (NRPA).

The duties performed by the department include, but are not limited to, mowing maintenance, tree trimming, bed planting and upkeep; irrigation scheduling, checks, repairs, and monitoring; restroom cleaning and repairs; playground inspections, repairs, and maintenance; and general maintenance on park amenities.

The Parks Department is also responsible for assisting in the majority of the set-up and tear down of special events that are hosted by the Recreation Department, and many other special projects that take place in the City.

Recreation

The City of Murphy Recreation Department is responsible for providing quality and affordable recreation programs for the residents of Murphy and surrounding areas. The Department's core activities include: offering recreational activities and programs, overseeing all facility rentals and reservations and the planning, preparation, and execution of annual community events and specialty programs. The Recreation Department manages the daily operation of two adjacent recreational facilities, the Murphy Community Center, and the Murphy Activity Center. Additionally, the recreation department reserves over twenty-two different sports practice locations, twelve park pavilions, splash pad, an outdoor amphitheater and food truck court. These parks amenities, programs, activities and events are offered to improve the quality of life and physical and mental well-being of our citizens. The Murphy Community Center offers residents free leisure activities that include, a free little library location, a game room with ping pong as well as a gymnasium that hosts reservable open gym time for basketball, volleyball, pickleball and badminton and serves as a county wide voting location for state, local and national elections.

Solid Waste

The Solid Waste budget reflects the City's weekly solid waste and recycling services, which is provided by a third-party vendor.

In October 2017, the City initiated a Request for Proposal (RFP) process for solid waste and recycling services. The RFP process was conducted by a committee formed of internal and external City staff, a City resident, and a consultant. The City received five proposals during this process, and in 2018 after a rigorous review, the Solid Waste Review Committee reported the results of the RFP to City Council. City Council approved the City to enter into a contract with Republic Services as the third-party vendor.

The contract agreement with Republic Services has an effective date of May 1, 2018, with a termination date of April 30, 2025. The City renewed the contract May 2024, for an additional four-years, which allows for two renewal terms of two years each that enabled the agreement to remain in place until April 30, 2029, for a total of eleven years. The next RFP for solid waste and recycling services will begin in July of 2028 to allow a minimum of 9 months for the RFP process.

Debt Service Fund # 40

Revenue in the debt service fund derives from the I&S (interest and sinking fund) portion of the city's tax levy. The tax levy is based on principal and interest payments on the outstanding general obligation bonds and tax notes the city issues. Interest and penalties collected on delinquent property tax payments are also recorded in this fund, which helps cover ancillary fees and costs such as paying agent fees, issuance costs, and software licensing fees. Self-supporting debt such as certificates of obligation, the proceeds from which are primarily used to fund utility infrastructure improvements, are charged directly to the utility fund, not the debt service fund.

Customer Service

The Customer Service Department for the City of Murphy is committed to delivering superior customer service that meets and strives to exceed the needs of our residents, business owners, and others with unsurpassed professionalism. The Customer Service Department is uniquely centralized to assist in a variety of ways to meet the demands of the community.

The Customer Service Department manages all aspects of Utility Billing. This includes monthly billing for water, wastewater, solid waste and recycling, and annual alarm permit renewals, accepting applications for new accounts and disconnect requests. It is also responsible for overseeing Solid Waste and Recycling issues, including but not limited to questions regarding carts, bulky waste, electronic waste, and hazardous waste matters. The Customer Service Department also coordinates the building permit process, working closely with Community Development, Public Works, the Fire Marshall, and Health Official to coordinate all aspects of building projects throughout the duration of the permitting process. This includes building permit issuance and scheduling of all inspection requests. Additionally, the Customer Service Department oversees the daily functions of cash handling for Utility Billing and Building Projects, coordinates citywide deposits, and works closely with the Finance Department to manage daily financial reporting.

Impact Fees Fund # 70

The impact fees are assessed fee which the City charges for any new development within the City's water and wastewater service area. The impact fees are used to offset the City's cost of capital improvements that the city must implement to be able to provide water and sewer services to the new development. The revenue generated through the assessment of impact fees is used to pay for expansion of the City's water and wastewater utility facilities and infrastructure so that the necessary facilities are in place to meet the needs of development. The fund is separated into Water and Wastewater balances.

Stormwater Fund # 25

The Storm Water Maintenance division inspects and maintains the Storm water system to include bar ditches, mainline pipe, curbs, storm inlets and outfalls. Debris collects in the system which can restrict the outflow and create a potential flooding hazard during excessive rainfalls. The Storm water system is inspected regularly; especially after substantial rainfalls and in response to citizen requests.

Based on the Stormwater study completed in March 2019, the residential property stormwater rate of \$3.80 per month and the commercial utility customer stormwater rate of \$19.15 per month . The 2019 Stormwater Analysis ensures that fair and equitable rates are based on impervious areas as required by state law. It will also be possible to leverage Stormwater fees in the future to complete significant drainage projects, by issuing bonds or certificates of obligation.

Police Seizure Fund # 33

Chapter 59 of the Texas Code of Criminal Procedure sets forth the requirements for police departments regarding the proper procedures for seizure, and subsequent forfeiture, of property that was used in the commission of a crime. Chapter 59 also contains the requirements for how forfeited funds may be utilized. The City of Murphy maintains a forfeited property fund, which is a restricted fund. Seized property forfeited to the city is legally marketable and will be sold at auction, and the proceeds deposited into the City's restricted forfeited fund. Forfeited funds can be used for the purchase of items related to criminal enforcement and crime prevention. Specific examples of items that can be purchased are protective body armor, uniforms, and vehicles and/or bicycles.

Murphy Cable TV PEG Fund # 17

The state-issued cable service or video franchise requires that the cable services and video service provider pay directly to each city in which it provides service a franchise fee of 5% of its gross revenue (a defined term in Utilities Code Chapter 66), even if the incumbent cable provider is paying a smaller percentage or on different gross revenue base amount. Pro rata and 1% payment in lieu of in-kind PEG/I-Net facilities (Section 66.006). Chapter 66 also provides that if the incumbent cable provider pays any cash payments to the city in support of public educational, governmental channels or to support an institutional network, those cash payments are matched by the state-issued franchise holder as calculated by the city on a per-subscriber basis. After the expiration of the incumbent cable franchise, all the state-issued franchise holders pay, at the cities choice, either an additional PEG capital support fee equal to 1% of its gross revenue or a fee equal to the per subscriber cash payments that were made under the expired incumbent's cable franchise.

Project Name	Waterline Loops
Project Number	WL1
Department	Water Distribution
Project Start Date	Aug-21
Project Completion Date	In Progress
Fund Sources	ARPA Funds, Transfer to GF and UF
Location	~32 locations across the city

Description

Eliminate underground piping dead-end main lines from the water distribution system supplying potable water to city residents and fire hydrants for public safety, creating a looping system for water distribution. The looping interconnection of the dead-ends will be accomplished by excavating entry and exit pits, whereby the additional lengths of piping will be directional drilled underground from one dead-end to distribution main to complete the loop. Selected dead-ends are planned to have water mains installed so that a loop is formed within the distribution system. Those few dead-ends that must remain will have continue to be flushed, automatically or manually to meet TCEQ flushing requirements.

Justification

Adding loops will ensure the water is cycled through the system thereby reducing long-term stagnation and improving water quality. The installation of the automatic flushing units will involve excavating to the level of the main, removing the end-cap or tapping the main line and installing vertical piping to the aboveground automatic flushing unit.

This project will provide for increased flows, reduce the potential for interrupted service (less customers will be affected when a main line must be shut down), as well as improved water quality by increasing the circulation of the water within the distribution system.

Street Maintenance and Repair Fund # 24

As the Street Maintenance and Repair Fund is a function of the Public Works Department, staff is responsible for the transportation system which is comprised of signs & markings, signals/flashers, streets, and sidewalks throughout the City of Murphy.

A Street Maintenance and Repair Fund was reauthorized through a voter election in May, 2023 to utilize 0.25% of the sales tax revenues from the Murphy Municipal Development District (MMDD) for streets and sidewalks. These funds will ensure a maintenance program of streets and sidewalks for continuous improvements of the City of Murphy transportation system over the next four years (2023-2027). At that time it will require an election to continue the allocation of the funds through the sales tax.

American Rescue Plan Act Fund # 28

On March 11, 2021, the President signed into law the American Rescue Plan (ARP) Act. The plan established the Federal Coronavirus State and Local Fiscal Recovery Fund for economic relief for state and local governments. The City of Murphy was awarded \$5,079,611.95 in American Rescue Plan funds, that was disbursed in two tranches; the first received in August 2021, and the second tranche was received in September 2022.

In July 2024, Council approved the election of utilizing the standard allowance to use the remaining funds for general government services, fully obligating the total award. The FY25 budget carries forward the obligations in this fund for three vendor contracts until funds are spent by December 2026.

The Murphy Municipal Development District (MDD) was created through an election for an additional sales tax by the City of Murphy's voters, similar to 4B Economic Development Corporation. Formed in April 2012 by the voters of Murphy, the MDD replaced the Murphy Economic Development Corporation (4A). The MDD receives funds from a quarter-cent sales tax generated within the city limits, and a 5-member Board is appointed by the Murphy City Council.

The MDD's primary purpose is to manage a development project fund in which the MDD must deposit the quarter-cent sales tax proceeds into the fund. The revenues may be used to pay costs associated with development projects in the MDD such as promoting economic growth, carrying out programs related to community development, and promoting new and expanded business enterprises.

The goals of the MDD include promoting and retaining businesses that are unique to Murphy that will enhance the quality of life with family oriented activities, encouraging organizations and residents to reinvest in their community and strengthening the economic base with businesses that generate sales tax revenue.

The FY25 Budget includes \$1.2 million as a share of the FM544 Pedestrian Bridge project and \$842,000 for the city share of the Crescent Hill development street and sidewalk improvements.

MCDC Fund # 34

The Murphy Community Development Corporation (MCDC) was formed in 2003 by the voters of Murphy and receives funds from the half-cent sales tax for community development projects. The seven- member board is appointed by the Murphy City Council. Community projects are identified and funded by sales tax. Expenditures are subject to the provisions of the Development Corporation Act of 1979.

The half-cent sales tax has enabled the City of Murphy to fund several quality-of-life projects such as park improvements and community facilities. It also covers the cost of Community Events, materials and supplies, contractual services, capital outlay and debt service. In FY19, the tax note debt associated with the Central Park improvements was retired enabling the purchase of additional capital items.

The MCDC Fund transfers into the Community events fund where expenses for the positions above are recorded.

Since 2008, the City of Murphy hosts numerous community events annually. The city's signature event is Murphy Maize Days; an annual fall festival held on the last Saturday in September. This free, one day event provides 15,000 annual attendees a market and craft vendor area with over 100 vendor spaces, an antique and specialty car show, a petting zoo, expansive kid zone area, a pet adoption tent, over 15 food trucks and vendors, and a free live mainstage concert and a fireworks show to end the day. In 2020, The Texas Festivals and Events Association awarded Murphy Maize Days with the Zenith Award; honored as the Best Festival or Event in Texas for 2019 in its budget category. Tunes, Tails & Ales, the city's annual Craft Beer Festival and Crawfish Boil was also awarded the prestigious Zenith Award for Best Festival or Event in 2016 by the Texas Festivals and Events Association. Community Events Fund # 16

Community volunteerism makes a significant impact at most of our community events, which attributes to over 500 volunteer participants annually. Murphy also offers volunteer-based community project days such as Arbor Day in November, and a Fall Sweep Trash pick-up event. Other annual community events include the Rainbow Trout Roundup, an annual kid's fishing derby on the last Saturday of February, our Moonlight Movies at Central Park throughout the spring, Sounds at Sundown Summer Concert Series on Friday nights in June, and Christmas in the Park, the tree lighting event on the first Thursday of December.

City of Murphy Community Events are funded by a portion of the Murphy Community Development Corporation (MCDC) sales tax revenue. Preparation, planning and coordination for Murphy Community Events is mainly completed by recreation department staff, consisting of four full time and five part time employees, in addition to the daily duties and operations of Murphy's recreation programs and facilities. In FY25 three staff are recognized and funded in the Community Events fund.

Glossary

- ACCRUAL BASIS OF ACCOUNTING:** A method of accounting in which revenues are recorded when measurable and earned, and expenses are recognized when a good or service is used.
- ACTIVITY:** A specified and distinguishable line of work performed by a division
- AD VALOREM TAX:** A tax levied on taxable property (land, improvements and personal property) for the purpose of financing general operations of the City and debt service requirements.
- ADOPTED BUDGET:** The budget and appropriations as adopted by Council. Generally occurs in September of each year. Prior to FY24 this was referred to as the "Final Budget"
- ANNUAL COMPREHENSIVE FINANCIAL REPORT (ACFR):** Usually referred to by its abbreviation, this report summarizes financial data for the previous fiscal year in a standardized format. The ACFR is organized by fund and contains two basic types of information: (1) a balance sheet that compares assets with liabilities and fund balance and (2) and operating statement that compares revenues and expenditures.
- APPRAISED VALUE:** The market value of real and personal property located in the City as of January 1 each year, as determined by the Rockwall County Appraisal District.
- APPROPRIATION:** An authorization made by the legislative body of a government which permits officials to incur obligations against and to make expenditures of governmental resources. Specific appropriations are usually made at the fund level and are granted for a one year period.
- APPROPRIATION ORDINANCE:** The official enactment by the legislative body establishing the legal authority for officials to obligate and expend resources. A part of the budget adoption process.
- ARBITRAGE:** The ability to obtain tax-exempt bond proceeds and invest the funds in higher yielding taxable securities resulting in a profit. Arbitrage restriction requirements describe the circumstances in which investment in materially high yielding securities is allowed without compromising the tax-exempt status of the bond issue. The rebate requirements identify what must be done with profits earned from those securities under the arbitrage restriction requirement. The ability to obtain tax-exempt bond proceeds and invest the funds in higher yielding taxable securities resulting in a profit. Arbitrage restriction requirements describe the circumstances in which investment in materially high yielding securities is allowed without compromising the tax-exempt status of the bond issue. The rebate requirements identify what must be done with profits earned from those securities under the arbitrage restriction requirement.
- ASSESSED VALUATION:** A value that is established for real or personal property for use as a basis for levying property taxes. (Note: Property values are established by the Central Appraisal District.)
- ASSETS:** Resources owned or held by the City which have monetary value.
- BALANCED BUDGET:** A budget adopted by the legislative body and authority by ordinance where the proposed expenditures are equal to or less than the proposed resources. A budget adopted by the legislative body and authority by ordinance where the proposed expenditures are equal to or less than the proposed resources.
- BOND:** Bonds a written promise to pay a sum of money on a specific date at a specified interest rate. The interest payments and the repayment of the principal are detailed in a bond ordinance. The most common types of bonds are general obligation and revenue bonds. Bonds a written promise to pay a sum of money on a specific date at a specified interest rate. The interest payments and the repayment of the principal are detailed in a bond ordinance. The most common types of bonds are general obligation and revenue bonds.
- BUDGET:** A plan of financial operation embodying an estimate of proposed means of financing it. The "operating budget" is the financial plan adopted for a single fiscal year. The "proposed budget" designates the financial plan initially developed by the departments and presented by the City Manager to the Council for approval. The "adopted budget" is the plan as modified and finally approved by that body. The approved budget is authorized by ordinance and thus specifies the legal spending limits for the fiscal year.
- BUDGET AMENDMENT:** A legal procedure utilized by the City Staff and City Council to revise a budget appropriation.
- BUDGET BASIS:** Budgets are adopted on a basis consistent with generally accepted accounting principles ("GAAP"). Governmental Funds utilize the modified accrual basis of accounting under which revenues and related assets are recorded when measurable and available to finance operations during the year. Proprietary Funds use the accrual basis of accounting which recognizes revenues when earned and expenses when incurred. Annual operating budgets are adopted for all Governmental Funds except for the Capital Projects Fund in which effective budgetary control is achieved on a project-by-project basis when funding sources become available. All appropriations lapse at year-end, except those for the Capital Projects Fund. It is the intention of the City that appropriations for capital projects continue until completion of the project.

BUDGET CALENDAR: The schedule of key dates or milestones that a government follows in the preparation and adoption of a budget.

BUDGET CONTROL: The control or management of the organization in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and revenues.

BUDGET DOCUMENT: The compilation of the spending plans for the various funds, along with supporting schedules, tables and charts which, in total, comprises the annual revenue and expenditure plan.

BUDGET MESSAGE: A general discussion of the submitted budget presented in writing by the City Manager as a part of the budget document pursuant to the City Charter Article VI: §7.02

CAPITAL OUTLAY (CAPITAL EXPENDITURE): An expenditure which results in the acquisition of or addition to fixed assets, and meets these criteria: has an anticipated useful life of more than one year; can be permanently identified as an individual unit of property; belongs to one of the following categories: Land, Buildings, Structures & Improvements, Equipment; constitutes a tangible, permanent addition to the value of City assets; does not constitute repair or maintenance; and, is not readily susceptible to loss.

CAPITAL PROJECT: A specific and identifiable improvement or purpose for which expenditures are proposed within the capital budget or capital improvement program.

CAPITAL RESERVE: Funds that have been appropriated from operating revenues which are to be set aside for designated types of maintenance to the existing infrastructure

COLLIN CENTRAL APPRAISAL DISTRICT (CCAD): Legally separate organization that appraises all property in the City and calculates the assess valuation that will be taxable under the property tax less any exemptions.

COLLIN COUNTY TAX ASSESSOR/COLLECTOR – “TAX OFFICE” A County elected official and department in Collin County that collects property taxes on behalf of the City and calculates tax rates per State statute to be included in the city’s tax rate discussions and process.

COMPONENT UNIT: Legally separate organization for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with a primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

CONTINGENCY FUND: A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted.

CONTRACTUAL SERVICES: Services purchased by the City such as utility services, insurance, maintenance contracts, outside consulting.

COURT RESTRICT FUND: A Special Revenue (Purpose) Fund created to raise resources to be used for the expenditures incurred for the Municipal Court as prescribed by State law. A specific portion from every fine paid is segregated for these purposes. A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted.

CURRENT TAXES: Taxes that are levied and due within one year.

DEBT SERVICE: The City’s obligation to pay the principal and interest of all bonds and other debt instruments according to a predetermined payment schedule.

DEBT SERVICE FUND: A fund used to account for the monies set aside for the payment of interest and principal to holders of the City’s general obligation and revenue bonds, the sale of which finances long- term capital improvements, such as facilities, streets and drainage, parks and water/wastewater systems.

DELINQUENT TAXES: Taxes that remain unpaid on and after the date on which a penalty for non-payment is attached.

DEPARTMENT: A major administrative division of the City which indicates overall responsibility for an operation or a group of related operations within a functional area.

DEPRECIATION: (1) Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence. (2) That portion of the cost of a capital asset which is charged as an expense during a particular period.

EFFECTIVE TAX RATE: A rate which generates the same amount of revenues from property which is taxed in both years.

ENCUMBRANCES: Obligations in the form of purchase order, contracts or salary commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. When paid, the encumbrance is liquidated.

ENTERPRISE FUND: A fund established to account for operations that are financed and operated in a manner similar to private business enterprises—where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

EXEMPT/EXEMPTION: Amounts under state law that which are deducted from the appraised value of property for tax purposes. Tax rates are applied to the non-exempt portion of the appraised value to calculate the annual tax levy.

EXPENDITURES: The cost of goods received or services rendered whether cash payments have been made or encumbered.

EXPENSE: A use of financial resources, denoted by its use in the enterprise funds, which is accounted for on a basis consistent with the private business accounting model (full accrual basis).

FISCAL YEAR: A twelve-month period designated as the operating year for accounting and budgeting purposes in an organization. The City of Murphy has specified October 1 to September 30 as its fiscal year.

FRANCHISE FEE: A fee paid by public service businesses for use of City streets, alleys and property in providing their services to the citizens of a community. Services requiring franchises include electricity, telephone, natural gas and cable television.

FUND: An accounting device established to control receipt and disburse income from sources set aside to support specific activities or attain certain objectives. Each fund is treated as a distinct fiscal entity with a self-balancing set of accounts.

FUND BALANCE: Liabilities subtracted from assets. A positive fund balance means there are more assets than liabilities; a negative fund balance means there are more liabilities than assets.

FUNDING: Provides budgetary resources to cover the total cost of a program or project at the time it is undertaken.

FULL TIME EQUIVALENT (FTE): is a ratio that represents the number of hours that an employee works compared to 40 hours a week. One FTE is any combination of employees whose hours total 40 hours a week. FTEs do not necessarily equate to employee headcount or number of positions.

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES: Detailed accounting standards and practices for state and local governments as prescribed by the Governmental Accounting Standards Board (GASB).

GENERAL FUND: The fund used to account for all financial resources except those required to be accounted for in another fund. The General Fund is tax supported.

GENERAL OBLIGATION BONDS: Bonds that finance public projects such as streets, municipal facilities, and park improvements. The repayment of these bonds is made from property taxes, and these bonds are backed by the full faith and credit of the issuing government.

GENERAL OBLIGATION DEBT: Monies owed on interest and principal to holders of the City's general obligation bonds. The debt is supported by revenue provided from real property which is assessed through the taxation power of the local governmental unit.

GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB) The body that sets accounting standards specifically for governmental entities at the state and local levels.

GOVERNMENTAL FUND: Fund generally used to account for tax-supported activities. Different types of governmental funds: the general fund, special revenue funds, debt service funds, capital project funds.

INFLOW: Inflow is storm water that enters into sanitary sewer systems at points of direct connection to the systems. Various sources contribute to the inflow, including footing/foundation drains, roof drains or leaders, downspouts, drains from window wells, outdoor basement stairwells, drains from driveways, groundwater/basement sump pumps, and even streams. These sources are typically improperly or illegally connected to sanitary sewer systems, via either direct connections or discharge into sinks or tubs that are directly connected to the sewer system. An improper connection lets water from sources other than sanitary fixtures and drains to enter the sanitary sewer system. That water should be entering the storm water sewer system or allowed to soak into the ground without entering the sanitary sewer system.

INFILTRATION: Infiltration is groundwater that enters sanitary sewer systems through cracks and/or leaks in the sanitary sewer pipes. Cracks or leaks in sanitary sewer pipes or manholes may be caused by age related deterioration, loose joints, poor design, installation or maintenance errors, damage or root infiltration. Groundwater can enter these cracks or leaks wherever sanitary sewer systems lie beneath water tables or the soil above the sewer systems becomes saturated. Often sewer pipes are installed beneath creeks or streams because they are the lowest point in the

area and it is more expensive to install the pipe systems beneath a roadway. These sewer pipes are especially susceptible to infiltration when they crack or break and have been known to drain entire streams into sanitary sewer systems. Average sewer pipes are designed to last about 20-50 years, depending on what type of material is used.

INFLOW & INFILTRATION: Inflow and infiltration or I & I are terms used to describe the ways that groundwater and storm water enter into dedicated wastewater or sanitary sewer systems. Dedicated wastewater or sanitary sewers are pipes located in the street or on easements that are designed strictly to transport wastewater from sanitary fixtures inside your house or place of business. Sanitary fixtures include toilets, sinks, bathtubs, showers and lavatories.

INFRASTRUCTURE: That portion of a city's assets located at or below ground level, including the water system, sewer system, and streets.

LEASE PURCHASE: A method of acquiring high cost equipment or property and spreading the payments over a specified period of time.

LEGAL DEBT MARGIN: The net amount of external financing resources that is available to the City through the issuance of general obligation bonds.

LIABILITIES: Debt or other legal obligations arising out of transactions in the past which must be liquidated, renewed, or refunded at some future date. This term does not include encumbrances.

MODIFIED ACCRUAL BASIS OF ACCOUNTING: The accrual basis of accounting adapted to the governmental fund type spending measurement focus. Under it, revenues are recognized when they become both "measurable" and "available to finance expenditures of the current period." Expenditures are recognized when the related fund liability is incurred except for (1) inventories of materials and supplies which may be considered expenditures either when purchased or when used; (2) prepaid insurance and similar items which need not be reported; (3) accumulated unpaid vacation, sick pay, and other employee benefit amounts which need not be recognized in the current period, but for which larger- than-normal accumulations must be disclosed in the notes to the financial statements; (4) interest earnings on special assessment levies; and (5) principal and interest on long-term debt which are generally recognized when due.

NON-DEPARTMENTAL: An accounting and budgeting component unit to record expenditures not applicable to other departments, for example, EMS revenue and credit card fees.

OBJECTIVE: Performance indicator of a program.

OPERATING BUDGET: Plans of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing, acquisition, spending, and service delivery activities of the City are controlled. The use of annual operating budgets is required by State Law.

ORDINANCE: An authoritative command or order.

PER CAPITA DEBT: Total tax supported debt outstanding divided by population.

PERFORMANCE INDICATORS: Specific quantitative measures of work performed within an activity or program. They may also measure results obtained through an activity program.

PERSONNEL SERVICES: Expenditures made for salaries and related benefit costs.

PID: Public Improvement District as defined by the Texas Local Government Code, Chapter 373. If the governing body of a municipality or county finds that it promotes the interests of the municipality or county, the governing body may undertake an improvement project that confers a special benefit on a definable part of the municipality or county or the municipality's extraterritorial jurisdiction. A project may be undertaken in the municipality or county or the municipality's extraterritorial jurisdiction.

POLICY: A definite course of action adopted after a review of information and directed at the realization of goals.

PROPOSED BUDGET: The budget that has been prepared by the City Manager and submitted to the City Council for approval.

PROPRIETARY FUND: Fund that focuses on the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. The 2 different types of proprietary funds: enterprise fund and internal service funds.

REIMBURSEMENT: Repayment to a specific fund for expenditures incurred or services performed by that fund to or for the benefit of another fund.

REPLACEMENT COST: The cost of an asset which can render similar service (but which need not be of the same structural form) as the property to be replaced.

RESERVE: An account used to indicate that a portion of fund resources is restricted for a specific purpose, or is not available for appropriation and subsequent spending.

REVENUE BONDS: Long term debt (bonds) the repayment of which is based upon pledged revenues from a revenue generating facility.

REVENUES: All amounts of money received by a government from external sources other than expense refunds, capital contributions, and residual equity transfers.

ROLLING STOCK: Capital items such as motor vehicles, heavy equipment, and other apparatus.

SCADA: Acronym for Supervisory Control and Data Acquisition. It generally refers to an industrial control system: a computer system monitoring and controlling a process. The process can be industrial, infrastructure or facility-based.

SEWER: an underground conduit for carrying off drainage water and waste matter. Also known as wastewater.

SPECIAL ASSESSMENT: A compulsory levy made against certain properties to defray a part of the cost of a specific improvement or services (such as sewer) deemed to primarily benefit those properties.

SPECIAL REVENUE FUND: Fund used to account for a specific revenue source (other than special assessments, expendable trusts or for major capital projects) that are legally restricted to expenditures for specific purposes, or have been segregated by financial policy to be maintained separately.

STRATEGIC PLAN: Document which lists or describes major goals of an organization along with the strategies that will be employed in attaining them.

SUPPLEMENTAL: A requested increase in appropriation for a specific purpose as part of the budget process

TAX BASE: The total property valuations on which each taxing entity levies its tax rates.

TAX LEVY: A percentage applied to all taxable property to raise general revenues. It is derived by dividing the total tax levy by the taxable net property valuation.

TAX RATE: A percentage applied to all taxable property to raise general revenues. It is derived by dividing the total tax levy by the taxable net property valuation.

TAXABLE VALUE: Estimated value of property on which ad valorem taxes are levied.

TAXES: Compulsory charges levied by a government for the purpose of financing services performed for the common benefit.

Tax Rate Calculation Worksheet

Pursuant to Tax Code 26.04(c)

"The governing body of a taxing unit **shall include as an appendix to the city's budget** for the fiscal year the tax rate calculation forms used to calculate the no-new-revenue tax rate and the voter-approval tax rate of the taxing unit for the tax year in which the fiscal year begins"

This form is prescribed by the Texas Comptroller and is completed by the Collin County Tax Assessor Collector's Office.

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

1.	Prior year total taxable value. Enter the amount of the prior year taxable value on the prior year tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (adjustment is made by deducting TIF taxes, as reflected in Line 17). ¹	\$ 3,358,803,026
2.	Prior year tax ceilings. Counties, cities and junior college districts. Enter the prior year total taxable value of homesteads with tax ceilings. SECTION 2: Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

SECTION 3: NNR Tax Rate and Voter-Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

SECTION 4: Voter-Approval Tax Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

SECTION 5: Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value. ³⁹ The Foregone Revenue Amount for each year is equal to that year's adopted tax rate subtracted from that year's voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year's current total value. ⁴⁰ In a year where a taxing unit adopts a rate by applying any portion of the unused increment rate, the portion of the unused increment rate that was used must be backed out of the calculation for that year.

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042; ⁴¹
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a); ⁴² or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval. ⁴³

Individual components can be negative, but the overall rate will be the greater of zero or the calculated rate.

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit. ⁴⁴

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit.⁴⁴

SECTION 7: Voter-Approval Tax Rate Adjustment for Emergency Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.⁴⁶

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year.⁴⁹

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago. This section will apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).

ORDINANCE NUMBER 24-09-1366

AN ORDINANCE MAKING APPROPRIATIONS FOR THE SUPPORT OF THE CITY OF MURPHY, TEXAS, MURPHY MUNICIPAL DEVELOPMENT DISTRICT AND MURPHY COMMUNITY DEVELOPMENT CORPORATION FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2024, AND ENDING SEPTEMBER 30, 2025; APPROPRIATING MONEY TO A SINKING FUND TO PAY INTEREST AND PRINCIPAL ON THE CITY'S INDEBTEDNESS; APPROVING AND ADOPTING THE ANNUAL BUDGET OF THE CITY OF MURPHY, TEXAS, FOR THE 2024-2025 FISCAL YEAR; PROVIDING FOR EMERGENCY EXPENDITURES AND EXPENDITURES AS OTHERWISE ALLOWED BY LAW; PROVIDING FOR REPEALING, SAVINGS AND SEVERABILITY CLAUSES; PROVIDING FOR THE FILING OF THE BUDGET IN THE OFFICE OF THE CITY SECRETARY; AND PROVIDING FOR AN EFFECTIVE DATE OF THIS ORDINANCE.

WHEREAS, an annual budget for the fiscal year beginning October 1, 2024 and ending September 30, 2025 (FY25) has been duly created by the City Manager of the City of Murphy, Texas, in accordance with sections 102.002 and 102.003 of the Texas Local Government Code; and

WHEREAS, the budget officer for the City of Murphy filed the proposed budget on August 5, 2024 in the office of the City Secretary; and

WHEREAS, the proposed budget was made available for public inspection by the taxpayers in accordance with section 102.005(b) of the Texas Local Government Code; and

WHEREAS, section 7.05 of the City of Murphy Home-Rule Charter requires the Public Hearing on the Budget be published at least once in the official newspaper of the City, and on the official City website; and

WHEREAS, the budget is attached as *Exhibit A*, for the fiscal year beginning October 1, 2024, and ending September 30, 2025, was duly presented to the City Council by the City Manager and a Public Hearing was ordered by the City Council and a Public Notice of said hearing was caused to be given by the City Council and said notice was published in the Murphy Monitor and said Public Hearing was held according to said notice; and

WHEREAS, the public hearing was held by the Murphy City Council on September 3, 2024 in accordance with section 102.006 of the Texas Local Government Code and section 7.05 of the City of Murphy Home-Rule Charter at which time all citizens and parties of interest were given the opportunity to be heard regarding the proposed FY25 budget; and

WHEREAS, the City Council, upon full consideration of the matter, is of the opinion that the budget hereinafter set forth is proper and should be approved and adopted; and

WHEREAS, the adoption of the said budget will not raise more revenue from property taxes than in the previous year, and the City Council will ratify, by separate vote, the property tax increase reflected in the said budget; and

WHEREAS, the City Council finds that all legal notices, hearings, procedures and publishing requirements for the adoption of the budget have been performed or completed in the manner and form set forth by law.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MURPHY, TEXAS:

Section 1: That all of the above premises are found to be true and correct and are incorporated into the body of this Ordinance as if copied in their entirety.

Section 2: That the appropriations for the fiscal year beginning October 1, 2024, and ending September 30, 2025, for the support of the General and Debt Services of the City of Murphy, Texas, expenditures shown in the City's FY25 budget, a copy of which is attached hereto as ***Exhibit A***, are hereby adopted.

Section 3: That the budget, as shown in words and figures in ***Exhibit A***, is hereby approved in all respects and the budget is adopted at the departmental level as the City's budget for the fiscal year beginning October 1, 2024, and ending September 30, 2025.

Section 4: That there is appropriated the amount shown in said budget necessary to provide for a sinking fund for the payment of the principal and interest and the retirement of the bonded debt.

Section 5: Expenditures during FY25 shall be made in accordance with this budget and this Ordinance, unless otherwise authorized by an ordinance duly enacted in accordance with law. Pursuant to state law, no expenditure of the funds of the City shall hereafter be made except in compliance with the budget and applicable state law; provided, however, that in case of grave public necessity emergency expenditures to meet unusual and unforeseen conditions, which could not by reasonable, diligent thought and attention have been included in the original budget, may from time to time be authorized by the City Council as amendments to the original budget. Pursuant to state law, the Council may make emergency appropriations to address a public emergency affecting life, health, property or the public peace and other appropriations as authorized thereby.

Section 6: All provisions of any ordinance in conflict with this Ordinance are hereby repealed; but such repeal shall not abate any pending prosecution for violation of the repealed Ordinance, nor shall the repeal prevent prosecution from being commenced for any violation if occurring prior to the repeal of the Ordinance. Any remaining portions of conflicting ordinances shall remain in full force and effect.

Section 7: Should any section, subsection, sentence, clause or phrase of this Ordinance be declared unconstitutional or invalid by a court of competent jurisdiction, it is expressly provided that any and all remaining portions of this Ordinance shall remain in full force and effect. Murphy hereby declares that it would have passed this Ordinance, and each section, subsection, sentence, clause, or phrase thereof irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared unconstitutional or invalid.

Section 8: A true and correct copy of the approved budget shall be filed in the office of the City Secretary.

Section 9: That this Ordinance shall take effect and be enforced from and after its passage.

PASSED, APPROVED AND ADOPTED by the City Council of the City of Murphy, Texas, on this 3rd day of September 2024, the above and foregoing ordinance was passed and approved by record vote.

Scott Bradley, Mayor
City of Murphy

ORDINANCE NUMBER 24-09-1367

AN ORDINANCE OF THE CITY OF MURPHY, TEXAS, LEVYING TAXES AND FIXING AND ADOPTING THE TAX RATE ON ALL TAXABLE PROPERTY FOR THE YEAR 2024 AT THE RATE OF \$0.362533 PER ONE HUNDRED DOLLARS (\$100.00) ASSESSED VALUE ON ALL TAXABLE PROPERTY WITHIN THE CORPORATE LIMITS OF THE CITY OF MURPHY, TEXAS AS OF JANUARY 1, 2024; THE SAID TAX RATE HAVING A MAINTENANCE AND OPERATIONS COMPONENT AND A DEBT SERVICE COMPONENT; PROVIDING WHEN TAXES SHALL BECOME DUE AND WHEN SAME SHALL BECOME DELINQUENT IF NOT PAID TOGETHER WITH PENALTIES AND INTEREST THEREON; PROVIDING FOR REPEALING, SAVINGS AND SEVERABILITY CLAUSES; AND PROVIDING FOR AN EFFECTIVE DATE OF THIS ORDINANCE.

WHEREAS, Section 26.05 of the Texas Tax Code requires that the City of Murphy, Texas (the "City"), adopt a tax rate for the next fiscal year by September 30, 2024; and

WHEREAS, pursuant to Texas Tax Code Chapter 26, the Tax Assessor-Collector for the City has calculated the tax rate for fiscal year 2024-2025 (FY25) which cannot be exceeded without requisite publication and public hearing; and

WHEREAS, the City complied with the State of Texas Truth-in-Taxation laws and advertised the proposed tax rate and conducted a public hearing on the tax rate, and the notice and hearing and other applicable steps required by law as a prerequisite to the passage, approval, and adoption of this Ordinance have been timely and properly given and held; and

WHEREAS, Section 26.05(a), Tex. Tax Code, provides that the tax rate consists of two components (one of which will impose the amount of taxes needed to pay debt service, and the other of which will impose the amount of taxes needed to fund maintenance and operation expenses for the next year), and each of such components must be approved separately, the tax rate set forth herein consists of those two components and they are approved separately; and

WHEREAS, upon full review and consideration of the matter, the City Council is of the opinion that the tax rate for the year 2024 set, fixed and adopted herein below is proper.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MURPHY, TEXAS:

Section 1: Findings Incorporated. The findings set forth above are incorporated into the body of this Ordinance as if fully set forth herein.

Section 2: Tax Levied. That there is hereby levied and ordered to be assessed and collected an ad valorem tax rate of \$0.362533 on each One Hundred Dollars (\$100.00) of assessed valuation for all taxable property located in the City of Murphy on the 1st day of January 2024, and not exempted from taxation by the constitution and laws of the State of Texas to provide for the expenses of the City of Murphy for the Fiscal Year beginning October 1, 2024, and ending September 30, 2025. The said tax is made up of components, as set forth in this Ordinance:

a. For the maintenance and support of the General Government (General Fund) for FY25, **\$0.271253** on each \$100 valuation of property. **THIS TAX RATE WILL RAISE MORE TAXES FOR MAINTENANCE AND OPERATIONS THAN LAST YEAR'S TAX RATE.**

THE TAX RATE WILL EFFECTIVELY BE RAISED BY 4.94 PERCENT AND WILL RAISE TAXES FOR MAINTENANCE AND OPERATIONS ON A \$100,000 HOME BY APPROXIMATELY \$-10.11.

b. For debt service for FY25, **\$0.091280** on each \$100 valuation of property.

Section 3: Due Date of Taxes. That taxes levied under this ordinance shall be due October 1, 2024, and if not paid on or before January 31, 2025, shall immediately become delinquent. The penalties and interest provided for herein shall accrue after January 31 of the year following the year in which the taxes are assessed. However, if the entire taxes due as provided herein are paid in full by January 31 of the year following the year in which the taxes are assessed, no penalty or interest shall be due.

Section 4: Penalties and Interest. A delinquent tax shall incur the maximum penalty and interest authorized by Section 33.01, Texas Property Tax Code, to-wit: a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent, plus one percent (1%) for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent.

Provided, however, a tax that is delinquent on July 1 of the year in which it becomes delinquent shall incur a total penalty of twelve percent (12%) of the amount of the delinquent tax without regard to the number of months the tax has been delinquent. A delinquent tax shall also accrue interest at a rate of one percent (1%) for each month or portion of a month the tax remains unpaid. All other penalties and collection remedies authorized by law are hereby adopted. Taxes that are and remain delinquent on July 1, 2024 incur an additional penalty not to exceed twenty percent (20%) of the amount of delinquent taxes, penalty and interest collected; such additional penalty is to defray the costs of collection pursuant to the contract with the City's attorney authorized by Section 6.30 of the Texas Tax Code, as amended.

Section 5: Internet Notice. That the City Manager or his designee shall put the following notice on the homepage of the City's Internet website:

There is hereby levied and there shall be collected for the use and support of the municipal government of the City of Murphy for the 2024-2025 fiscal year, upon all property, real, personal and mixed, within the corporate limits of said City subject to taxation, a tax of **\$0.362533** on each \$100 valuation of property, said tax being so levied and apportioned to the specific purposes here set forth:

CITY OF MURPHY ADOPTED A TAX RATE THAT WILL RAISE MORE TAXES FOR MAINTENANCE AND OPERATIONS THAN LAST YEAR'S TAX RATE.

THE TAX RATE WILL EFFECTIVELY BE RAISED BY 4.94 PERCENT AND WILL RAISE TAXES FOR MAINTENANCE AND OPERATIONS ON A \$100,000 HOME BY APPROXIMATELY \$-10.11.

Section 6: Place of Payment/Collection. Taxes are payable at the office of the Collin County Tax Assessor/Collector. The City shall have available all rights and remedies provided by law for the enforcement of the collection of taxes levied under this Ordinance.

Section 7: Tax Roll. The tax roll, as presented to the City Council, together with any supplement thereto, is hereby accepted.

Section 8: Savings/Repealing Clause. All provisions of any ordinance in conflict with this Ordinance are hereby repealed; but such repeal shall not abate any pending prosecution for violation of the repealed Ordinance, nor shall the repeal prevent prosecution from being commenced for any violation if occurring prior to the repeal of the Ordinance. Any remaining portions of conflicting ordinances shall remain in full force and effect.

Section 9: Severability. Should any section, subsection, sentence, clause or phrase of this Ordinance be declared unconstitutional or invalid by a court of competent jurisdiction, it is expressly provided that any and all remaining portions of this Ordinance shall remain in full force and effect. City hereby declares that it would have passed this Ordinance, and each section, subsection, sentence, clause, or phrase thereof irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared unconstitutional or invalid.

Section 10: Effective Date. This Ordinance shall become effective from and after its adoption and publication as required by law.

PASSED, APPROVED, AND ADOPTED by the City Council of the City of Murphy, Texas, on this 3rd day of September 2024 on the following motion by Mayer Onays: Note: This language is not required this year due to not exceeding no-new-revenue tax rate. Language was amended with regard to the M&O **"I move that the property tax rate be increased by the adoption of a tax rate of \$0.362533 per \$100 valuation, which is effectively a 4.94 percent increase for maintenance & operations"**; seconded by Elizabeth Abraham, the above and foregoing ordinance was passed and approved by roll call vote.

ORDINANCE NUMBER 24-09-1368

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF MURPHY, TEXAS AMENDING APPENDIX A, FEE SCHEDULE, OF THE CODE OF ORDINANCES OF THE CITY BY AMENDING SECTION A1.003 PARKS AND RECREATION FEES; SECTION A6.000 EMERGENCY MEDICAL SERVICES FEES; SECTION A8.001 SOLID WASTE COLLECTION AND DISPOSAL; SECTION A8.003 WATER AND SEWER USAGE RATES; AND SECTION A9.005 LAND ZONING AND DEVELOPMENT FEES; AND REAUTHORIZING BUILDING PERMIT FEES; PROVIDING FOR FEE SCHEDULE AMENDMENTS; AND PROVIDING FOR A SAVINGS AND REPEALING CLAUSE; PROVIDING A SEVERABILITY CLAUSE; PROVIDING FOR SAID ORDINANCE TO TAKE EFFECT FROM AND AFTER ITS DATE OF PUBLICATION.

WHEREAS, the City Council adopted its first Fee Schedule on September 15, 1988; and

WHEREAS, the City Council has established fees for a variety of City services, has from time to time amended the Fee Schedule as needed to cover the cost of services provided in accordance with the City's authority under state law, and has codified the Fee Schedule as Appendix A of the Code of Ordinances of the City ("Fee Schedule"); and

WHEREAS, Texas Local Government Code Sec. 214.908 requires the City to conduct a public hearing on the reauthorization of building permit fees and reauthorize the fees by a vote of the City Council; and

WHEREAS, the City Council of the City of Murphy held a public hearing on the reauthorization of building permit fees as presented in the City's Fee Schedule, as required by law, on September 3, 2024; and

WHEREAS, Article A3.000, "Parks and Recreation Fees" of the Fee Schedule sets forth fees for the use of community and recreational facilities in the city, and the City Council seeks to clarify rules for non-profit use and fees of facilities; simplify fees associated with and add deposit fee to amphitheater rentals; reduce refund and cancellation notice periods; clarify and create new vendor types for city events, change city event food vendor rates to vary based on attendance, and add city event types; and

WHEREAS, Article A6.000, "Emergency Medical Services Fees" of the Fee Schedule sets forth fees for the provision of emergency medical services (EMS) within the city and the City Council wishes to adjust said fees; and

WHEREAS, Article A8.000, "Utility Rates and Charges" of the Fee Schedule sets forth solid waste collection and disposal fees, stormwater fees, water and sewer usage fees, including monthly base meter fees, irrigation fees, wastewater service fees and hydrant meter rental fees and the City Council wishes to adjust certain fees; and

WHEREAS, Article A9.000, "Building, Construction and Development Related Fees" of the Fee Schedule sets forth fees for construction and trade inspections, certificate of occupancy permits, land zoning and development fees and temporary construction/job trailer permit fees and the City Council wishes to adjust certain fees; and

WHEREAS, the City has reviewed the current fees and rates charged for city services as set forth in the above mentioned Articles and has determined that due to increases in the cost of third party services, increased costs to operate and maintain stormwater drainage facilities throughout the City and increased costs of providing city and water services generally, certain fees as identified in Exhibit "A" to this Ordinance must be increased to cover the increased cost of providing those necessary services; and

WHEREAS, having reviewed the fees set forth in Exhibit "A" to this Ordinance, the City Council has determined those fees to be reasonable, commensurate with the services provided, are not excessive, and are necessary fees for the services provided to Murphy citizens; and

WHEREAS, the City Council further finds and determines that the amendments adopted hereby as set forth in Exhibit "A" hereto serve to benefit the health, safety, and welfare of the citizens of the City of Murphy.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MURPHY, TEXAS:

SECTION 1. FINDINGS INCORPORATED. The findings set forth above are true and corrected and are incorporated into the body of this Ordinance as if fully set forth herein.

SECTION 2. FEE SCHEDULE AMENDMENT. That Section A3.000 Parks and Recreation Fees; Section A6.000 Emergency Medical Services Fees; Section A8.001 Solid Waste Collection and Disposal; Section A8.003 Water and Sewer Usage Rates; Section A9.001 Building, Construction and Development Related Fees; Section A9.005 Land Zoning and Development Fees; of Appendix "A" of the Fee Schedule of the City of Murphy, Texas, as set forth in **Exhibit "A"**, a copy of which is attached hereto and incorporated herein, are hereby adopted to amend Appendix "A" of the Code of Ordinances of the City of Murphy, with all other sections and articles of Appendix "A" of the Code of Ordinances not expressly amended hereby remaining in full force and effect.

SECTION 3. BUILDING PERMIT FEES REAUTHORIZED. All fees charged by the City of Murphy as a condition to constructing, renovating, or remodeling a structure in Appendix "A" of the Fee Schedule of the City of Murphy, Texas, as set forth in **Exhibit "A"** are hereby reauthorized in accordance with Texas Local Government Code Section 214.908.

SECTION 4. SAVINGS/REPEALING CLAUSE. This Ordinance shall be cumulative of all other Ordinances and shall not repeal any of the provisions of such Ordinances except for those instances where there are direct conflicts with the provisions of this Ordinance. Ordinances or parts thereof in force at the time this Ordinance shall take effect and that are inconsistent with this Ordinance are hereby repealed to the extent that they are inconsistent with this Ordinance.

Provided however, that any complaint, action, claim or lawsuit which has been initiated or has arisen under or pursuant to such Ordinance on the date of adoption of this Ordinance shall continue to be governed by the provisions of that Ordinance and for that purpose the Ordinance shall remain in full force and effect.

SECTION 5. SEVERABILITY CLAUSE. Should any section, subsection, sentence, clause or phrase of this Ordinance be declared unconstitutional or invalid by a court of competent jurisdiction, it is expressly provided that any and all remaining portions of this Ordinance shall remain in full force and effect. The City Council of the City of Murphy hereby declares that it would have passed this Ordinance, and each section, subsection, sentence, clause or phrase thereof irrespective of the fact that any one or more sections, subsections, sentences clauses and phrases be declared unconstitutional or invalid.

SECTION 6. EFFECTIVE DATE. This ordinance shall take effect on September 4, 2024 after its passage and publication as required by law. (Note state mandated fees will be in accordance with September 1, 2024, effective date based on state laws.)

PASSED, APPROVED AND ADOPTED by the City Council of the City of Murphy, Collin County, Texas, on this the 3rd day of September 2024.

ARTICLE A1.000
MISCELLANEOUS FEES

§ A1.001. City payment charges.

- (a) Returned checks must be paid by cash or money order and will be charged a \$35.00 returned check fee.
- (b) Credit/debit card charge backs must be paid by cash or money order and will be charged a \$35.00 charge back fee, except for municipal court transactions that will receive a \$25.00 charge back fee.
- (c) 2% (percent) fee for all credit/debit card payments.
- (d) Payments by cash: Any cash payment made to the city shall be limited to no more than \$5.00 in coinage, and persons paying with coinage will be required to witness the counting of the coinage and to sign off on and acknowledgment of the coin count.
- (e) Any third-party collection fees due to a city-retained collection agency that may be lawfully collected will be assessed and passed through to the recipient of the applicable city service for whom the services of the collection agency have been retained. The amount of fee or percentage of balance will not exceed the amount or percentage charged to the city by the retained collection agency.

The fees listed in this section A1.001 are nonrefundable, including any third-party transaction fees related to the transactions. Fees that may be charged to an individual by his/her chosen financial institution or credit card company are also nonrefundable.

(Ordinance 13-05-949, sec. 2.400, adopted 5/7/13; Ordinance 16-09-1022 adopted 9/20/16; Ordinance 18-09-1100 adopted 9/18/18; Ordinance 20-09-1175 adopted 9/15/20; Ordinance 22-09-1281 adopted 9/6/2022)

§ A1.002. Notary charges.

- (a) Texas Government Code Ann. sec. 406.024 sets out the maximum fees a notary public, or their employer, may charge for notary public services. A notary public who charges more than the maximum set out below subjects the notary to possible criminal prosecution and suspension or revocation of the notary's notary public commission by the secretary of state's office.
- (b) Notary public may charge the following fees:
 - (1) No charge for signature and seal.
 - (2) No charge for each additional signature.
 - (3) No charge per page for copies of all records or papers in the notary public's office.

(Ordinance 13-05-949, sec. 6.200, adopted 5/7/13; Ordinance 16-09-1022 adopted 9/20/16; Ordinance 20-09-1175 adopted 9/15/20)

§ A1.003. Police reports.

- (a) Additionally, a charge of \$15.00 per hour, plus 20% personnel charge, may apply to any request requiring extensive time and research.

- (b) Accident reports:
 - (1) Copy of accident report: \$6.00.
 - (2) Certified copy of accident report: \$8.00.
 - (c) Computer-generated offense reports (over 10 pages): \$0.10 per page.
 - (d) Local background check: \$10.00.
 - (e) Fingerprinting fee: \$10.00.
 - (f) Body worn camera: \$10.00 per recording responsive to the request for information; and \$1.00 per full minute of body worn camera video or audio footage responsive to the request for information, if identical information has not already been obtained by a member of the public in response to a request for information.
- (Ordinance 13-05-949, sec. 6.400, adopted 5/7/13; Ordinance 16-09-1022 adopted 9/20/16; Ordinance 17-06-1049 adopted 6/20/17; Ordinance 18-09-1100 adopted 9/18/18; Ordinance 20-09-1175 adopted 9/15/20)

§ A1.004. Public information requests.

- (a) The charges in this section to recover costs associated with providing copies of public information are based on estimated average costs to governmental bodies across the state. When actual costs are 25% higher than those used in these rules, governmental bodies other than agencies of the state, may request an exemption in accordance with [Texas Administrative Code,] section 70.4 (relating to requesting an exemption).
- (b) Copy charge.
 - (1) Standard paper copy. The charge for standard paper copies reproduced by means of an office machine copier or a computer printer is \$0.10 per page or part of a page. Each side that has recorded information is considered a page.
 - (2) Nonstandard copy. The charges in this subsection are to cover the materials onto which information is copied and do not reflect any additional charges, including labor, that may be associated with a particular request. The charges for nonstandard copies are:
 - (A) Rewritable CD (CD-RW): \$1.00;
 - (B) No rewritable CD (CD-R): \$1.00;
 - (C) Digital videodisc (DVD): \$3.00;
 - (D) Flash drive: \$4.00;
 - (E) Oversize paper copy (e.g.: 11 inches by 17 inches, greenbar, bluebar, not including maps and photographs using specialty paper--see also section 70.9 of [Texas Administrative Code,]): \$0.50;
 - (F) Specialty paper (e.g.: Mylar, blueprint, blueline, map, photographic): Actual cost.
- (c) Labor charge for programming. If a particular request requires the services of a programmer in order to execute an existing program or to create a new program so that requested information may be accessed and copied, the governmental body may charge for the programmer's time.

- (1) The hourly charge for a programmer is \$28.50 an hour. Only programming services shall be charged at this hourly rate. (Note: Subsection (a) above may apply.)
 - (2) Governmental bodies that do not have in-house programming capabilities shall comply with requests in accordance with section 552.231 of the Texas Government Code.
 - (3) If the charge for providing a copy of public information includes costs of labor, a governmental body shall comply with the requirements of section 552.261(b) of the Texas Government Code.
- (d) Labor charge for locating, compiling, manipulating data, and reproducing public information.
- (1) The charge for labor costs incurred in processing a request for public information is \$15 an hour. The labor charge includes the actual time to locate, compile, manipulate data, and reproduce the requested information.
 - (2) A labor charge shall not be recovered for any time spent by an attorney, legal assistant, or any other person who reviews the requested information:
 - (A) To determine whether the governmental body will raise any exceptions to disclosure of the requested information under the Texas Government Code, subchapter C, chapter 552; or
 - (B) To research or prepare a request for a ruling by the attorney general's office pursuant to section 552.301 of the Texas Government Code.
 - (3) When confidential information pursuant to a mandatory exception of the act is mixed with public information in the same page, a labor charge may be recovered for time spent to redact, blackout, or otherwise obscure confidential information in order to release the public information. A labor charge shall not be made for redacting confidential information for requests of 50 or fewer pages, unless the request also qualifies for a labor charge pursuant to Texas Government Code, section 552.261(a)(1) or (2).
 - (4) If the charge for providing a copy of public information includes costs of labor, a governmental body shall comply with the requirements of Texas Government Code, Chapter 552, section 552.261(b).
- (e) Overhead charge.
- (1) Whenever any labor charge is applicable to a request, a governmental body may include in the charges direct and indirect costs, in addition to the specific labor charge. This overhead charge would cover such costs as depreciation of capital assets, rent, maintenance and repair, utilities, and administrative overhead. If a governmental body chooses to recover such costs, a charge shall be made in accordance with the methodology described in subsection (3) of this section. Although an exact calculation of costs will vary, the use of a standard charge will avoid complication in calculating such costs and will provide uniformity for charges made statewide.
 - (2) An overhead charge shall not be made for requests for copies of 50 or fewer pages of standard paper records unless the request also qualifies for a labor charge pursuant to Texas Government Code, section 552.261(a)(1) or (2).
 - (3) The overhead charge shall be computed at 20% of the charge made to cover any labor costs

associated with a particular request. Example: if one hour of labor is used for a particular request, the formula would be as follows: Labor charge for locating, compiling, and reproducing, $\$15.00 \times 0.20 = \3.00 ; or programming labor charge, $\$28.50 \times 0.20 = \5.70 . If a request requires one hour of labor charge for locating, compiling, and reproducing information ($\$15.00$ per hour); and one hour of programming labor charge ($\$28.50$ per hour), the combined overhead would be: $\$15.00 + \$28.50 = \$43.50 \times 0.20 = \8.70 .

(f) Computer resource charge.

- (1) The computer resource charge is a utilization charge for computers based on the amortized cost of acquisition, lease, operation, and maintenance of computer resources, which might include, but is not limited to, some or all of the following: central processing units (CPUs), servers, disk drives, local area networks (LANs), printers, tape drives, other peripheral devices, communications devices, software, and system utilities.
 - (2) These computer resource charges are not intended to substitute for cost recovery methodologies or charges made for purposes other than responding to public information requests.
 - (3) The charges in this subsection are averages based on a survey of governmental bodies with a broad range of computer capabilities. Each governmental body using this cost recovery charge shall determine which category(ies) of computer system(s) used to fulfill the public information request most closely fits its existing system(s), and set its charge accordingly. Type of system--rate: mainframe: $\$10.00$ per CPU minute; midsize: $\$1.50$ per CPU minute; client/server: $\$2.20$ per clock hour; PC or LAN: $\$1.00$ per clock hour.
 - (4) The charge made to recover the computer utilization cost is the actual time the computer takes to execute a particular program times the applicable rate. The CPU charge is not meant to apply to programming or printing time; rather it is solely to recover costs associated with the actual time required by the computer to execute a program. This time, called CPU time, can be read directly from the CPU clock, and most frequently will be a matter of seconds. If programming is required to comply with a particular request, the appropriate charge that may be recovered for programming time is set forth in subsection (d) of this section. No charge should be made for computer print-out time. Example: If a mainframe computer is used, and the processing time is 20 seconds, the charges would be as follows: $\$10.00/3 = \3.33 ; or $\$10.00/60 \times 20 = \3.33 .
 - (5) A governmental body that does not have in-house computer capabilities shall comply with requests in accordance with the section 552.231 of the Texas Government Code.
- (g) Miscellaneous supplies. The actual cost of miscellaneous supplies, such as labels, boxes, and other supplies used to produce the requested information, may be added to the total charge for public information.
- (h) Postal and shipping charges. Governmental bodies may add any related postal or shipping expenses which are necessary to transmit the reproduced information to the requesting party.
- (i) Sales tax. Pursuant to Office of the Comptroller of Public Accounts' rules sales tax shall not be added on charges for public information (34 TAC, part 1, chapter 3, subchapter O, section 3.341 and section 3.342).
- (j) Miscellaneous charges. A governmental body that accepts payment by credit card for copies of

public information and that is charged a “transaction fee” by the credit card company may recover that fee.

(k) These charges are subject to periodic reevaluation and update.

(Ordinance 13-05-949, sec. 7.100, adopted 5/7/13; Ordinance 16-09-1022 adopted 9/20/16; Ordinance 20-09-1175 adopted 9/15/20)

§ A1.007. UDCB renewal permit fees.

A nonrefundable application fee in the amount of \$50.00 is required for a permit renewal at least one month prior to the expiration of the active UDCB permit.

(Ordinance 18-12-1109, sec. 3, adopted 12/4/18; Ordinance 20-09-1175 adopted 9/15/20)

§ A1.008. Garage sale.

Garage sale permit: No charge.

(Ordinance 19-07-1133 adopted 7/2/19; Ordinance 20-09-1175 adopted 9/15/20)

ARTICLE A2.000
MUNICIPAL COURT FEES

§ A2.001. Municipal court fees.

(a) These court costs are added to the fines assessed by the Murphy Municipal Court:

- (1) Building security fee: \$4.90 per conviction.
- (2) Technology fee: \$4.00 per conviction.
- (3) Local truancy prevention and diversion fee: \$5.00 per conviction.
- (4) Judicial efficiency fund: \$15.00 per conviction.

(b) In accordance with state law, these funds shall be created and maintained by the city and the funds shall be collected and used by the city.

*Offenses committed before 1/1/2020 will pay court costs in accordance with costs/fees set forth in this section A2.001 before this amendment.

(Ordinance 13-05-949, sec. 6.100, adopted 5/7/13; Ordinance 16-09-1022 adopted 9/20/16;
Ordinance 20-06-1160, sec. 2.04, adopted 6/16/20; Ordinance 20-09-1175 adopted 9/15/20)

ARTICLE A3.000

§ A8.002. Stormwater fee.

(a) Stormwater fee (based on land use rate category).

- (1) Residential: \$3.80 per month.
- (2) Nonresidential: \$19.13 per acre.
- (3) Collin County: Exempt.
- (4) School districts: Exempt.
- (5) Public/semi-public and parks: Exempt.
- (6) Undeveloped land (natural state): Exempt.
- (7) Religious: Exempt.

(8) Cemetery: Exempt.

- (b) Nonresidential stormwater detention system fee credit. The city may allow nonresidential properties which utilize an effective stormwater detention system to seek a stormwater drainage fee reduction credit. A credit will be considered after the following items have been received:

- (1) Nonresidential stormwater detention system fee credit application.
- (2) Application fee.
- (3) Detention system maintenance schedule application fee: \$300.00.

- (c) The stormwater fee is used to operate and maintain stormwater drainage facilities throughout the city, including stormwater inlets, underground pipes, outfall headwalls, open channels and box culverts.

(Ordinance 13-05-949, sec. 8.400, adopted 5/7/13; Ordinance 16-09-1022 adopted 9/20/16; Ordinance 19-09-1142 adopted 9/17/19; Ordinance 20-09-1175 adopted 9/15/20; Ordinance 23-09-1325 adopted 9/5/2023)

- (1) \$100.00 owner occupied residential property customer deposit.
- (2) \$200.00 residential rental property customer deposit.
- (3) \$100.00 commercial property customer deposit.

The city holds utility account deposits until the accounts are terminated. If there is a remaining balance due, the customer receives a final billing statement. If there is a credit balance, the customer receives a final billing statement and a refund check in the account holder's name only.

All applicants and co-applicants must include a photocopy of their driver's license or state-approved identification card, social security number, and date of birth when applying for new utility service.

- (4) Monthly volumetric and base meter fee:

30,001 – 60,000	\$ 7.65
30,001– 60,001 +	\$ 8.43
	\$
	\$

(5) \$10.00 for a meter re-read when there is no problem found.

(6) Leak credit requirements:

(A) A leak credit will be considered after a customer presents proof of repair of leak within thirty (30) days based on date of repair invoice and all necessary permits have been acquired and inspected. The granting of a leak credit is within the sole discretion of the city and is subject to the restrictions outlined in this section as well as administrative policies of the city. In the event that the current user, consumer, and/or subscriber applies for an adjustment for water usage due to a leak, the burden of proof will be on the customer to establish that there is a leak and that it is not the result of their own negligence or omission. Applications for adjustment should be directed to the customer service department.

(i)The city will not issue leak credit for leaks related to water features (fountains, ponds, etc.), irrigation, swimming pools, and hot tubs unless continual hourly consumption can be identified with the automated metering infrastructure (AMI). Leak credits will be processed at the discretion of the city, but in no event will a credit less than \$10.00 be issued.

(B) If a leak is detected by the city and the location has been notified, the customer must repair the leak within thirty (30) days of notification to be considered for a credit.

(C) At the direction of the public services director (or designee), when a leak is detected by city staff and leak is presumed to be cause of excessive water loss, and after reasonable effort has been made to contact the customer, water service shall be turned off until repair has been made.

(D) The calculated adjustment will apply to water usage only. A leak credit shall be applied only once per 12-month period as appropriate and cannot cover a period greater than 90 days (3 months). If applicable, and at the request of the residential customer, the winter sewer average can be adjusted as identified in subsection (a)(6)(F).

(E) Leak credit requests will be reviewed based on AMI data. In situations where the AMI data is not available, the customers twenty-four (24) month usage history will be reviewed. After leak water loss is determined, credit will be issued by using the following calculations:

- (i) Leak usage 0 to 15,000 gallons will be calculated by 1st tier rate minus wholesale rate.
- (ii) Leak usage 15,000 and above will be calculated at 2nd tier rate minus wholesale rate.

New customers with less than 24-months of consumption history will be eligible for a leak credit only if actual water usage exceeds the calculated monthly citywide residential average water use.

- (F) Adjustments to the calculated sewer rate can only occur if all requirements of subsection (a)(6) have been met, a water leak credit has been granted, and the residential customer has submitted a written request for a sewer rate adjustment. At the written request of the customer, the city will evaluate a current customers account when a leak has been reported. The AMI consumption data will be analyzed when considering the amount of the adjustment for the rate-setting period. Customer requests to evaluate for an adjustment to the sewer average rate must be received by the city by April 30th, annually.
- (7) The city may allow a payment agreement with customers on payment of a high-water bill once in a 12-month period. Agreement must be in written format, signed and dated by the customer. Agreement must be approved in written format by the customer service department, before services are disconnected. A payment arrangement is not an option once services have been disconnected.
- (8) A ten percent (10%) penalty fee shall be applied to the account balance if payment in full is not received within twenty (20) days from the billing date.
- (9) Disconnect/reconnection fees for nonpayment of services:
 - (A) A \$30.00 service fee shall be applied to the account balance at 8:00 a.m. on disconnect day if payment in full is not received. Account is subject to disconnect thirty (30) days from the original billing date.
 - (B) In addition to the \$30.00 service fee, utility accounts that are disconnected for nonpayment shall be assessed an additional deposit of \$50.00 for the second disconnect and any thereafter in a calendar year for each processed service disconnect per billing cycle. Deposit will be applied to the account balance at 8:00 a.m. on disconnect day if payment in full is not received. All deposits remain on the account until the account is terminated.
 - (C) Customers are required to pay past due balance prior to water service being restored. Payment for service fee, after hours fee, and additional deposits must be paid on the due date of the following bill.
 - (D) Any service disconnect that occurs on a city-observed holiday will be delayed.
 - (E) A \$50.00 reconnection fee will be assessed for any reconnections requested by the customer outside of normal business hours (nights, weekends, holidays, etc.).
 - (i) If services are restored after hours, the past due balance must be received by the customer service department by the start of the next business day or services will be redisconnected and an additional \$30.00 service fee will be assessed.

- (ii) After-hour reconnects are provided during these times:
 - a. Monday–Friday: 5:00 p.m.–9:00 p.m.
 - b. Saturdays and holidays: 8:00 a.m.–5:00 p.m.
- (10) At the discretion of the customer service manager, an adjustment of late penalty or \$30.00 service fee can be waived if account is in good standing for the prior 12-month period.
- (11) At the discretion of the customer service manager, adjustments of late penalty and service fee may be waived for uncontrollable circumstances with proper documentation from the resident. Examples include hospitalization, illness, family death, and/or other qualifying events.
- (12) If any due date falls on a weekend or holiday, payments will be due on the next city business day.
- (13) In the event when a meter register has failed, the City of Murphy will reasonably estimate water consumption for billing based on current active customer's AMI analysis in order to ensure fairness, equity, and reasonableness within 30 days or one billing cycle.
- (14) When initial billing cycle or final billing cycle is ten (10) days or less, all base charges for services (e.g. water, sewer, and trash) will be prorated for the actual number of service days.
- (15) All commercial and residential accounts/meters shall be in either active or inactive status at all times. Accounts/meters shall not be "placed on hold."
- (16) If an error is found on a utility bill, a corrected billing statement will be issued following a full review of the utility account. In matters where the city is responsible for a billing error, a corrected billing statement will be processed within 7 business days and adjusted balance may be eligible for a 90-day payment arrangement at the discretion of the customer service manager.
- (17) If an error occurred on a utility bill due to the change out or programming of a new meter, and timing of water consumption cannot accurately be determined and reflected for the correct billing cycle, the customer service manager (or manager's designee) will bill usage at the fee schedule lowest tier rate. If timing of water consumption can accurately be determined, the customer service manager (or manager's designee) will bill usage at the fee schedule published rates. In some circumstances, this may require an adjustment to a previous billing cycle.
- (b) Irrigation rates.

Church	\$ 4.59

- (3) Volumetric rate (per 1,000 gallons) based on 3-month (November, January and February) winter average of water usage for residential only.
- (4) The city will use a winter averaging method for the purpose of calculating residential sewer charges. Sewer charges will be based on the water consumption average for the months of November, January and February. This water usage is reflected on the December, February, and March billing statements. Average consumption is applied against current sewer rates and becomes the constant sewer charge for 12 months beginning with each April 1st. No adjustment will be made other than those specified in subsection (a)(6)(F) leak credit guidelines.

- (5) New residential customers will be charged the citywide residential average until their own independent winter average has been established.
- (d) Water meter fees.
- (1) 3/4 inch (residential standard): \$330.00.
 - (2) 1 inch: \$420.00.
 - (3) 1-1/2 inch: \$950.00.
 - (4) 2-inch turbine: \$1,125.00.
 - (5) 2-inch compound: \$1,615.00.
 - (6) A price quote will be given by the customer service department for meters over 2 inches.
- (e) Sewer connection fees.
- (1) 4-inch tie-in: \$150.00.
 - (2) 6-inch tie-in: \$300.00.
 - (3) 8-inch tie-in: \$500.00.
- (f) Sewer taps and water taps. 100% of cost for installation plus sewer connection fee plus meter fee.
- (g) Hydrant meter rental.
- (1) Deposit: \$1,500.00, refundable upon return of meter in working condition.
 - (2) Base rate for 2" meter \$158.80 plus volumetric rate as follows:

60,001+	\$9.07

- (3) No base rate or volumetric rate shall be charged on any city initiated capital project. (Ordinance 13-05-949, sec. 9.100, adopted 5/7/13; Ordinance 13-09-959 adopted 9/17/13; Ordinance 14-07-980 adopted 7/15/14; Ordinance 14-10-987 adopted 10/7/14; Ordinance 15-19-997 adopted 9/1/15; Ordinance 15-10-1004 adopted 10/6/15; Ordinance 16-09-1018 adopted 9/6/16; Ordinance 16-09-1022 adopted 9/20/16; Ordinance 17-09-1062 adopted 9/19/17; Ordinance 18-09-1100 adopted 9/18/18; Ordinance 19-09-1142 adopted 9/17/19; Ordinance 19-11-1147 adopted 11/19/19; Ordinance 20-09-1175 adopted 9/15/20; Ordinance 21-03-1194 adopted 3/2/21; Ordinance 21-09-1226 adopted 9/7/21; Ordinance 22-09-1281 adopted 9/6/2022; Ordinance 22-12-1293 adopted 12/6/2022; Ordinance 23-09-1325 adopted 9/5/2023)

§ A8.004. Drought restriction provisions.

- (a) Customers approved for a water variance during periods of water restrictions, in accordance with section 22.11.035 of the drought contingency and water emergency conservation response plan, as amended, shall purchase and display a city provided yard sign for payment of a nonrefundable fee of \$30.00.
- (b) Reconnection charge when water service is discontinued for violation of drought contingency and water emergency response plan: \$50.00.
- (c) Smart/evapotranspiration system variance. Customers applying for permit in accordance with section 22.11.035(f) for a smart/evapotranspiration system variance shall pay the following:
 - (1) Permit fee: \$50.00.
 - (2) Sign fee: No charge for an initial yard sign, and free replacement after five (5) years. If sign is destroyed or absent before the 5-year period expires, it will be replaced for a fee of \$30.00.
 - (3) Inspection fees are as follows:
 - (A) No charge for first failed inspection.
 - (B) \$100.00 fee for second and each additional failed inspection.

City of Murphy

ATTEST:

Aimee Nemer, City Secretary
City of Murphy

Fund Balance Policy

Purpose

The purpose of this policy is to establish a key element of the financial stability of the City of Murphy by setting guidelines for fund balance. Unassigned fund balance is an important measure of economic stability and it is essential that the City maintain adequate levels of unassigned fund balance to mitigate financial risk that can occur from unforeseen revenue fluctuations, unanticipated expenditures, and other similar circumstances. This policy will ensure the City maintains adequate fund balances in the City's various operating funds with the capacity to:

1. Provide sufficient cash flow for daily financial needs,
2. Secure and maintain investment grade bond ratings,
3. Offset significant economic downturns or revenue shortfalls, and
4. Provide funds for unforeseen expenditures related to emergencies.

Definitions

Fund Equity – A fund's equity is generally the difference between its assets and its liabilities.

Fund Balance – The fund equity of a governmental fund for which an accounting distinction is made between the portions that are spendable and nonspendable. Fund balance is classified into five categories:

Nonspendable fund balance – includes the portion of net resources that cannot be spent because of their form (i.e. inventory, long-term loans, or prepaids) or because they must remain in-tact such as the principal of endowment.

Restricted fund balance – includes the portion of net resources on which limitations are imposed by creditors, grantors, contributors, or by laws or regulations of other governments (i.e. externally imposed limitations). Amounts can be spent only for the specific purposes stipulated by external resource providers or as allowed by law through constitutional provisions or enabling legislation. Examples include grant awards and bond proceeds.

Committed fund balance – includes the portion of net resources upon which the City Council has imposed limitations on use. Amounts that can be used only for the specific purpose determined by a formal action of the City Council. Commitments may be changed or lifted only by the Council taking the same formal action that originally imposed the constraint. The formal action must be approved before the end of the fiscal year in which the commitment will be reflected on the financial statements.

Assigned fund balance – includes the portion of net resources for which an intended use has been established by the City Council or the City Official authorized to do so by the City Council. Assignments of fund balance are much less formal than commitments and do not require formal action for the imposition or removal. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed which indicates that resources are, at a minimum, intended to be used for the purpose of that fund.

Unassigned fund balance – includes the amounts in the general fund in excess of what can properly be classified in one of the other four categories of fund balance. It is the residual classification of the general fund and includes all amounts not contained in other classifications. Unassigned amounts are technically available for any purpose. Negative residual amounts for all other governmental funds are reported in this classification.

Policy

Committed Fund Balance

The City Council is the City's highest level of decision-making authority and the formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution approved by the Council at the City's Council meeting. The resolution must either be approved or rescinded, as applicable, prior to the last day of the fiscal year for which the commitment is made. The amount subject to the constraint may be determined in the subsequent period (i.e. the Council may approve the calculation or formula for determining the amount to be committed).

Assigned Fund Balance

The City Council authorizes the City Manager as the City Official responsible for the assignment of fund balance to a specific purpose as approved by this fund balance policy.

Minimum Unassigned Fund Balance

The City's goal is to achieve and maintain an unassigned fund balance in the general fund equal to 15 percent of total budgeted expenditures for each fiscal year. The City considers a balance of less than 15 percent to be cause for concern, barring unusual or deliberate circumstances. In the event that the unassigned fund balance is calculated to be less than the policy stipulates, the City shall plan to adjust budget resources in subsequent fiscal years to restore the balance.

Within the Unassigned Fund Balance, a Replacement Fund shall be created and funded. The Replacement Fund is intended to fund major expenditures that the City will incur as it strives to provide for its citizens. The City Council will consider allocating the following percentages of the total General Fund expenditure budget annually during its budget retreat:

- 1% Fire Department Vehicle and Equipment Replacement Fund;
- 1% Vehicle Replacement Fund;
- 1% Equipment Replacement Fund; and
- 2% Building Renovation and Repair Fund

Debt Service Fund balance shall not have a balance that exceeds five percent of the general obligation debt outstanding principal. Debt service fund balances in excess of this requirement may be drawn down to be used to reduce ad valorem tax revenue for bond principal and interest payments on existing or new debt. Consideration will be given to the impact such use would have on future tax rate calculations. Fund balance requirements shall always be in agreement with bond covenants.

All other fund balances shall be maintained at a level necessary to ensure stability in the event of a decline in revenues dedicated to that fund.

Replenishment of Minimum Fund Balance Reserves

If unassigned fund balance unintentionally falls below 15 percent or if it is anticipated that at the completion of any fiscal year the projected unassigned fund balance will be less than the minimum requirement, the City Manager shall prepare and submit a plan to restore the minimum required level as soon as economic conditions allow. The plan shall detail the steps necessary for the replenishment of fund balance as well as an estimated timeline for achieving such.

These steps may include, but are not limited to, identifying new, nonrecurring, or alternative sources of revenue; increasing existing revenues, charges and/or fees; use of year end surpluses; and/or enacting cost saving measures such as holding capital purchase, reducing departmental operating budgets, freezing vacant positions, and/or reducing the workforce. The replenishment of fund balance to the minimum level shall be accomplished within a three-year period. If restoration of the reserve cannot be accomplished with such a period without server hardship to the City, the Council shall establish an extended timeline for attaining the minimum balance.

Order of Expenditure of Funds

When multiple categories of fund balance are available for expenditure (for example, a construction project is being funded partly by a grant, funds set aside by the City Council, and unassigned fund balance), the City will first spend the most restricted funds before moving down to the next most restrictive category with available funds.

Appropriation of Unassigned Fund Balance

Appropriation from the minimum unassigned fund balance shall require the approval of the Council and shall be utilized only for one-time expenditures, such as capita purchase, and not

for ongoing expenditures unless a viable revenue plan designed to sustain the expenditure is simultaneously adopted.

The Council may appropriated unassigned fund balances for emergency purposes, as deemed necessary, even if such use decreases the fund balance below the established minimum.

Monitoring and Reporting

The Director of Finance shall be responsible for monitoring and reporting the City's various reserve balances. The City Manager is directed to make recommendations to the Council on the use of reserve funds both as an element of the annual operating budget submission and from time to time throughout the fiscal year as needs may arise.

Compliance with the provisions of the policy shall be reviewed as part of the annual operating budget adoption process and subsequent review will be included in the annual audit and financial statement preparation procedures.

Bret M. Baldwin, Mayor
City of Murphy

ATTEST:

Aimee Nemer, City Secretary
City of Murphy

Exhibit A

2010 Budgetary Financial Policies

Financial policies set forth the basic framework for the fiscal management of the City. Policies, which are reviewed and approved by the City Council, will be updated and implemented annually to ensure the City maintains a sound financial position in each of the City's fund and account groups. These policies are developed within the parameters set forth in the City's Charter, Article VII. The policies will provide guidelines for short and long term decision making.

A. Operating Funds Budget Policies

1. Prior to August 10th of each year the City Manager shall prepare and submit to the City Council, the annual budget covering the next fiscal year. A budget message shall be prepared in accordance with City Charter requirements.
2. The City shall operate on a current funding base. Expenditures shall be budgeted and controlled so as not to exceed current revenues plus the planned use of fund balance accumulated through prior year savings and any transfers.
3. Transfers between funds shall only be permitted to the extent that the basis and justification of the transfer can be quantified. Periodic transfers are made for administrative cost reimbursements to the various funds. In addition, fund transfers may occur when surplus fund balances are used to support non-recurring capital expenses.
4. One-time revenues in operating funds will not be used for funding of ongoing expenditures. One-time revenues shall only be used to fund capital improvements, capital equipment, or other one-time expenditures.

B. General Fund Revenue Policies

1. All new programs or service enhancements shall be implemented according to Council direction as a part of the budget process. In the event additional revenues are required to implement a new program or service enhancement, a cost benefit analysis of the program change will be conducted by the staff to determine if a new revenue source or increase in existing revenue will be needed. The analysis shall include the applicability of user fees as a source of revenue to support the new or expanded program. The maintenance and operation portion of the General Fund ad valorem tax rate shall only be raised after thorough review of other revenue sources.
2. Through the proposed budget the City shall strive to develop a balance in major revenue sources to protect the financial stability of the City in the event of severe fluctuation in the national and/or local economy. This balance will maintain a diversified and stable revenue system. The major revenue sources of the General Fund are Ad Valorem taxes, Sales Tax, Permits and all other charges for fines and services.
3. Charges for services shall be reviewed and updated at least every five years. The review will consider the cost of providing the service and a review of similar charges in comparable cities in the region.
4. Revenues shall be projected based on actual collections from the preceding year and estimated collections of the current fiscal year, while taking into account known circumstances

that will impact revenues for the new fiscal year. Revenue projections will be made conservatively.

C. Utility Fund Revenue Policies

1. A cost of service rate study will be conducted to determine rates necessary to fund the utility fund for five years. Annual reviews by staff will be performed and updates to the study will be performed as necessary to ensure that the rates in effect will fund the utility budgets.
2. Capital improvements and participation in the oversizing of utility facilities during the development of the City required as a result of growth should be paid in part through impact fees that are reviewed and adjusted within the requirements of the statute allowing their utilization.
3. Utility Fund revenues are budgeted on the basis of a normal year, not on the basis of forecasted extreme wet or dry years. The City will make every reasonable effort to ensure that an accurate measurement of water purchased and sold is maintained.
4. The City shall consider the appropriateness of using contract revenue bonds issued through the NTMWD when considering the issuance of revenue bonds.

D. Debt Service Fund Revenue and Expenditure Policies

1. The City will issue only multi-year debt and the debt will be used only to fund capital projects that cannot be funded by current revenues except as may be otherwise required by an emergency or other unforeseen circumstance.
2. To minimize interest costs on issued debt, the City will structure debt with maturities not to exceed 20 years. Longer issues may be authorized in the unusual case of a substantially longer life or other extenuating circumstances. The final maturity date for any multi-year debt will not exceed the expected useful life of the capital improvement so financed.
3. An evaluation of existing and projected overlapping and direct debt shall be reviewed by the City Council, City's Financial Advisors, as well as any committee appointed by the Council to develop recommendations for proposed new debt for the City. Estimates of growth shall be conservative and consideration will be given as to the City's future ability to repay the debt and maintain an ability to issue additional unforeseen debt.

E. Special Revenue Funds Revenue and Expenditure Policies

1. Special revenues include funds received for park programs. Funds generated from this source will be used for the expansion of park services.

F. Reserve Fund Balance Policies

1. The proposed General Fund budget shall be submitted to the City Council with a fund balance reserve of not less than 10 percent of total budgeted expenditures for each fiscal year. It is the goal of the Council to accumulate a fund balance of 15 percent of total expenditures.

Within the Reserve Fund, Replacement Fund shall be created and funded. The Replacement Fund is intended to fund major expenditures that the City will incur as it strives to provide for its citizens. The City Council will consider allocating the following percentages of the total General Fund expenditure budget annually during its budget retreat:

- 1% Fire Department Vehicle and Equipment Replacement Fund;*
- 1% Vehicle Replacement Fund;*
- 1% Equipment Replacement Fund; and*
- 2% Building Renovation and Repair Fund*

2. Debt Service Fund balances shall not have a balance that exceeds five percent of the general obligation debt outstanding principal. Debt service fund balances in excess of this requirement may be drawn down to be used to reduce ad valorem tax revenue for bond principal and interest payments on existing or new debt. Consideration will be given to the impact such use would have on future tax rate calculations. Fund balance requirements shall always be in agreement with bond covenants.

3. All other fund balances shall be maintained at a level necessary to ensure stability in the event of a decline in revenues dedicated to that fund.

4. Fund balances which exceed the minimum levels established for each fund may be used for non-recurring capital projects or programs or in emergency situations.

G. Operating Fund Expenditures

1. Operating fund expenditures shall be accounted for and budgeted in four major categories:
 - a. Personnel Services
 - b. Materials and Supplies
 - c. Contractual Services
 - d. Capital Outlay
2. The operating budgets for all Funds shall be approved by the City Council at the departmental level. ***Any change to a department's line item budget more than 25% or \$5000, whichever is greater, the City Manager shall notify the City Council and discuss the change in the next monthly financial report.*** Reviews of the operating budgets shall be performed quarterly or as needed and budget amendments shall be presented to City Council when necessary.
3. The proposed budget shall appropriate sufficient funds for operations to maintain existing quality and scope of City services and where appropriate include funds for expanded or new services.

4. The City will regularly examine programs and services in order to reduce operating cost or enhance service levels without cost increases.
5. Personnel service expenditures will reflect the minimum staffing to provide approved quality and scope of City services.
6. The City will provide a competitive compensation and benefit plan to attract and retain quality employees in order to provide high quality service.
7. Supply expenditures shall be sufficient to ensure optimal productivity of City employees. Maintenance expenditures shall be sufficient to ensure a relatively stable level of maintenance expenditures each budget year and to enhance and prolong the life of capital equipment and property.
8. Expenditures for new capital equipment shall be made only to enhance employee productivity, improve quality of service, or expand scope of services.
9. The City will evaluate the methods for providing public services in order to reduce operating expenditures and/or enhance quality and scope of services without increased costs.

H. Capital Project Expenditures

1. The City will develop a multi-year plan for capital projects, which identifies all projects likely to be constructed within a five-year period. The multi-year plan will reflect for each project the likely funding source and timeframe for completion.
2. Capital projects will be constructed to:
 - a. Protect or improve the community's quality of life.
 - b. Protect or enhance the community's economic vitality.
 - c. Support and service new citizens and development.
 - d. Provide significant rehabilitation of City infrastructure for sustained service.
3. The City will develop and implement a vehicle and equipment replacement program. This program will address the age, mileage/hours, repairs and condition of each vehicle and equipment in order to provide a timely replacement.

I. Budgetary Finance Committee

The City Council may appoint a Budgetary Finance Committee in January of each year for a one (1) year term. The Committee will review the City Manager's submitted August Annual Budget, the Audit Financial Report in March, and the Budgetary Financial Policies of the City. Any items of concern or interest shall be brought to the City Council's attention within thirty (30) days of receiving the proposed budget or Audit Financial Report. The Committee shall be comprised of two council members, finance director, and two citizens at large.
